

Council agreed on need for shopping centre

Coun. Breadner moved that it be recommended to council to agree in principle with locating a regional shopping centre in the Town of St. Albert. The motion, made at the committee of the whole meeting February 10, carried 6 to 0. (Coun. Lukay was absent).

In the discussion of the motion, Coun. Smith stated that she supported the recommendation but was not prepared to unequivocally accept a proposal in the future. She stated that if there was something that she did not like about any proposal she would not vote in favour of it.

Coun. Thronson said he wholeheartedly supported the motion and he felt that there had been a need for a regional facility for a long time. Coun. Breadner said that there is a strong indication from the people in this community that they want a shopping centre and in fairness to those who have submitted proposals a decision should be proceeded

with.

Mayor Plain moved that the committee recommend to council that a draft copy of a development agreement be ready for consideration at the committee meeting on Feb. 24, that negotiations be initiated with the developers, and that the progress of the negotiations be reported back to council on March 17.

Coun. Thronson wondered if the time constraint would be too much for staff to handle but Mr. Byron pointed out that if things were not going well by March 17 the situation would be reported back to council. He also stated that establishing a date for report would give staff something to work toward.

Mayor Plain's motion carried 6 to 0.

Coun. Wetch asked if the Shelter Resource proposal would have sufficient time to be taken to a public meeting in the time remaining and Mr. Leckie (director of Shelter Resource Ltd.) stated

that they would be able to have such a meeting before the deadline of February 24.

Mr. Byron, town administrator, pointed out that at this late date some consideration should be given to closing the door on development proposals for a shopping centre. He cautioned that proposals could still be coming forward and in the interests of practicality, further proposals should be discouraged. Mayor Plain pointed out that if further proposals were to come forward they would have to be discussed at public meetings before the February 24 deadline.

Mayor Plain moved that it be recommended to council that the Shelter Resource Ltd., have their public meeting before February 24. The recommendation carried 6 to 0.

Board will not lay vandalism charges - appoints committee

On Monday, February 3, the board of District No. 3 continued to struggle with the decision whether or not to lay charges against several teenage vandals who were caught damaging Albert Lacombe School. After a long drawn-out debate, sometimes hung up by discussion of legal technicalities, the elected body eventually declined to lay charges itself and delegated its paid employees to investigate the matter and, if deemed necessary, to lay charges in a move described by Trustee Sylvia Walsh as "passing the buck."

The discussion was a carry over from the previous regular meeting at which time Mr. Ted Baldwin, secretary-treasurer, introduced the topic by reading a letter from the parents of one of the boys involved. Trustee Sylvia Walsh and Ernie Howrish had come down firmly on the side of laying charges at that meeting while Chairman Steve Sieben and Trustees Elsie Lockert and Peter Freeman had been either undecided or opposed.

At this meeting, Trustee Walsh remained firm in her conviction that charges should be laid. Chairman Steve

Sieben joined her (after being undecided) but Ernie Howrish, (who had shared this opinion at the previous meeting) voted against the motion when it was presented. Trustees Lockert and Freeman remained opposed to laying charges.

Sgt. Thompson from the St. Albert RCMP Detachment attended the meeting to be of assistance to the board. He prefaced his talk with an acknowledgement that vandalism is a very complex problem and that District No. 3 had suffered only minor damage over the past year.

He explained the Juvenile Delinquent Act and how it works in Alberta. Apparently, a juvenile delinquent is a boy up to the age of 16 or a girl to 18. A court, having found a person to be delinquent, has several options. It can admonish the individual, sentence, suspend or adjourn the hearing. It can impose a fine not exceeding \$25; allow him to remain at home; impose upon him any conditions considered advisable. In Alberta, a court cannot sentence a juvenile to detention. The most it could do is to place a juvenile offender in the care of the Superin-

tendent of Child Welfare (Department of Health and Social Development) who would decide how to help the

child. In a long period of service Sgt. Thompson has seen only two children put

Continued on page 2.

Huge shopping complex proposed to council

A fourth proposal for consideration as a possible regional shopping centre was heard at council committee of the whole meeting on Monday, February 10.

Mr. G. L. Leckie, director of Shelter Resource Ltd., outlined the proposal for a shopping centre and housing development to be located at the southeast corner of the intersection of St. Albert Trail and Hebert Road. As background to his proposal he reported that this site was beneficial because of its location, its relation to existing major transportation routes, and its relation to existing and future development in the area. Mr. Leckie also reported however, that the proposal was not intended to project itself into the future needs (20 or 30 years hence) of the town but rather it was intended to fulfill the immediate needs of the community.

The \$11 million complex would initially be a one level shopping mall development, with future allowance for the construction of a two level department store.

The initial one level shopping mall development would include a super-size food market (53,760 square feet), a discount store (39,936 sq. ft.), restaurant and dining (6,784 sq. ft.), home improvement centre (25,600 sq. ft.), and auto service centre, a trust/bank, furniture store, and miscellaneous shops. The total area of the initial development would be approximately 264,000 square feet. With the future two level department store the total gross floor area of the development would be about 414,000 square feet.

Mr. Leckie pointed out that this site was the largest single site available (about 32 acres) between Edmonton

ICE SCULPTURE JUDGES, Mr. Richard Maynard (Breakfast Lions) and Mrs. Elsie Lockert (trustee for District #3) seem to be followed by "Snoopy Cross Country Sking," one of the entries in the Ice Sculpture contest. Snoopy was created by students from Lorne Akins Junior High and won first spot in the senior division of the contest. Winner of the junior division was a sculpture made by V.G. students which was a harpooned polar bear entitled "Nanook." The two judges braved the extremely cold weather to view each of the entries [all of which were deserving of recognition]. Due to the cold weather which restricted creation of the ice statues, all who participated deserve a spot by the fire and congratulations for their efforts.

JULIE LESBURG, 17, grade 12 student at the St. Albert High is crowned St. Albert Winter Carnival Queen at the Father Jan School by St. Albert Citizen of the Year, Henry Terrault.

St. Albert Curlers In Dominion Brier Playdowns ... again!

CONGRATULATIONS TO: TOMMY REED, KEVIN BYRNE, TONY RANKEL and LORNE REED

shopping complex

Continued from page 1.

and St. Albert. He pointed out that the development would complete the Atkinsdale subdivision and would keep traffic from the downtown area. Mr. Leckie said that a shopping centre in this location would develop the entrance to St. Albert from the south and would be buffered by the proposed ring road and Highway 2 with access at the intersection of Hebert Road and Sunset Boulevard or from Arlington Drive.

Parking area is designed to accommodate customer and employee demands on all but the three highest sale days of the year. Mr. Leckie said that the standard followed is 5.5 spaces per 1,000 feet of gross leasable area. The number of parking spaces are in total, 2,011. All parking spaces measure 9 feet by 19 feet with a 24 foot aisle.

Mr. Leckie mentioned that he had an agreement with Qualico (the owners of the site) for the development in a commercial C2 and a residential R3. He also noted the need for a greater roadway easement and right-of-way. Mr. Leckie stated that the company had made an offer to the owner of Jasper Auto Parts for their property and that if the proposed development was to go through it would be likely that the Jasper Auto Parts property

would be purchased.

Coun. Fyfe asked if the developer had some idea as to when the two level department store would be constructed and Mr. Leckie said it would be two to four years off. He told Coun. Wetsch that the company has letters on file dating back to 1971 from I.G.A. and Kresges indicating their interest. Crown Zellerbach have registered interest in the home improvement store.

Coun. Fyfe asked what type of department store would be located in the proposed centre and Mr. Leckie replied likely Simpson's Sears or Eaton's.

Mr. Leckie told the committee that in terms of a contribution to the community it should be solved by the citizens of the town. He said that there would be an opportunity to incorporate community involvement in the mall area and he said that a library could be a consideration and very important to the nature of community involvement would not be directed by the company and they would be awaiting the direction of the citizens.

Coun. Wetsch asked if there were any other possibilities as to a contribution to the community. Mr. Leckie told him that a financial contribution was a possibility. He stated that if a financial consideration was to be made he would hope that the contribution would be preferable for something within a half mile of the shopping centre. He said that both a contribution in terms of the physical area of the site and a financial consideration could be contemplated.

Mr. Leckie stated that his company was prepared to hold a public meeting on the proposal.

Continued from page 1

into detention. He emphasized that it seldom happens and is a last resort.

According to the Juvenile Delinquent Act, where a child is judged to have committed an act of delinquency, he shall be dealt with not as an offender - to be punished, but, as a person needing help, guidance and proper supervision. Nowhere is punishment spelled out.

Sgt. Thompson got into the procedure when a charge is laid against a juvenile. He said the police have to serve a notice of which several copies are made. Two copies are given to the Social Development office, one to the court, one to the parents of the child and one to the child himself. The notice states what the offence is and the date set for court appearance. Usually, an official from the Social Development office is sent to the family prior to going to court to ensure the family understands court procedure and to see if any other assistance can be offered.

When the court sits it is very precise and very important. The judge talks to the child freely and if the child admits to an offence the judge decides what is best for the child. Only in cases where the child cannot be properly supervised is he turned over to the Department of Health and Social Development.

Trustee Lockert asked what would happen if a juvenile denied the offence. Sgt. Thompson said that the police would have to prove the case. The child would have all the rights to a lawyer etc. Again, it would be a very private affair.

Sgt. Thompson continued that once a case has gone to court some good usually comes out of it. He admitted that it was an unpleasant business but said that he has never seen anyone who has not been helped. Too many people are afraid of these things which he considered to be partly the fault of the police. He thinks there is a breakdown in communication between the schools and the RCMP and he noted that this was his first posting where he did not know the school principals personally. If a child needs help and guidance, Sgt. Thompson feels it the responsibility of the principals and the RCMP to provide that help. A lot of offences are committed by children as a cry for help and some or all the children are looking for attention. He again stated that he does not think it a bad thing to lay charges reminding the board that, in the case of males, the record is finished when he becomes 16. It is not something which will follow him through life.

Sgt. Thompson gave a

No Charges

brief explanation as to who should press charges. He said the victim normally lays the charge. Because schools are public property he thought that could make the situation slightly different and he suggested that the board make a policy to leave vandalism cases to be handled by RCMP, the school principal and another person designated by the board. He sees no problem with the police pressing charges if they have the sanction of the school board.

[Reporter's Note: complications might arise with Sgt. Thompson's proposal when children from one school district vandalize property belonging to another district as happened last year.]

Trustee Lockert requested Sgt. Thompson's clarification concerning laying charges.

She said when a private citizen phones in, then she automatically a complaint is laid and according to research she had undertaken that week, she was advised that a complaint laid gives the police the right to lay the charge. However, if she connected the RCMP office in connection with the case at hand she was informed that the board must lay the charge or the RCMP would not proceed.

Sgt. Thompson said that "complaint" in this instance was a play on words. He said that the woman who had phoned in to inform the RCMP that boys were breaking school windows was not laying a complaint as such.

Trustee Lockert said that she understood from the RCMP that this woman was the complainant.

Sgt. Thompson reaffirmed that the individual in question was not the complainant and that she was simply being a good citizen by reporting the incident to the police.

In reply to a question by George Soetaert, who was seeking a course of action other than charges, Sgt. Thompson agreed that the RCMP and someone from the district might be able to take some kind of action which may not result in charges being laid.

Trustee Freeman entered into a digression with Sgt. Thompson over who should lay charges. His point was that as prosecution is undertaken in the name of the Queen it is the crown which should lay the charge.

Chairman Steve Sieben said that it is unfortunate that the board does not have a policy regarding vandalism and that a case has arisen and they now have to set policy. He said that he wanted a decision made that

evening.

Trustee Sylvia Walsh moved that the board lay charges in this particular case.

"Nothing has been said to date to convince me to change my position," said Trustee Freeman. "I have given this advice before that it is inappropriate for the board to be the ones to make the decision whether to lay charges or not ... We are subject to the pressures due to the motion to press in this regard and for that reason it is inappropriate ... Secondly, I don't think the victim has an unbiased approach so vengeance becomes the driving force... Before I would have thought apprehension was sufficient. Now I am doubly sure in view of the publicity and everything else."

In connection with publicity, Trustee Sylvia Walsh asked whether any of the other trustees had received phone calls from electors. The answer was 'no' ... Trustee Walsh informed them that she had received several supporting their stand and she thought any of that must count for something.

Trustee Ernie Howrish announced that he favoured Sgt. Thompson's recommendation to allow the RCMP to date to allow the RCMP and school administrators look into this matter and he felt that the board should move along these lines.

Trustee Lockert said that she did not feel the matter to be any of the board's business and the matter should be passed to a specialized group. She wanted to go along with Sgt. Thompson's suggestion.

Trustee Walsh remarked that Sgt. Thompson also said that these children often need help and one way they might obtain it is to have

charges laid against them. Trustee Lockert replied that she appreciated that point but questioned whether it is the right time or whether the board are the right people to be laying the charges.

Trustee Walsh said that it was very interesting that everyone should be passing the buck because that is exactly what the board seems to be doing.

The motion to lay charges was put to the vote and defeated 3 to 2 (Trustees Howrish, Lockert and Freeman opposed).

After further discussion, Mrs. Walsh moved that the matter be referred to the RCMP Detachment with Dr. W. Zielinski, superintendent, and the principal of Albert Lacombe School representing the district. The motion was for this case only.

Mr. Freeman asked whether the essence of the motion is that the specialized committee can decide to press charges which is in contradiction to the previous motion.

Trustee Walsh confirmed that was so.

Trustee Howrish made an amendment to indicate in the motion that the board is leaving the decision in respect of charges to the special committee and he felt it a real possibility that charges may well be laid.

Sylvia Walsh commented that leaving the decision to another group was irresponsible.

Mr. Freeman said they all knew Mrs. Walsh's views and they had contrary opinions. It was not a case of being irresponsible.

The motion to allow the designated group the responsibility to lay charges if necessary, and to advise the board of its decision, was carried.

St. Albert Rangers to cycle tour Scottish Highlands

The theme for the Girl Guides of Canada Camping Program is "Guiding on the Move." In keeping with the national theme the 1st St. Albert Rangers are deeply involved with their plans for a three week cycling tour through the Scottish Highlands and Southern England.

A group of 18, Rangers and their leaders, will leave Edmonton on June 27 and fly to England. From there, on to Scotland by train where they will pick up their bicycles and begin their tour. Visiting in such areas as Glasgow, Fort William, Isle of Skye, the Isle of Lewis, Loch Ness, Inverness, Aviemore and Edinburgh the Rangers will cycle close to 400 miles. During this time they will be staying in Youth Hostels, camping and com-

munity facilities. Several activities, it is hoped, will be planned with the Scottish Girl Guides.

A week will be spent in Southern England, touring, sightseeing and shopping while in London.

The major objective of this trip is to experience a wide variety of travel and people-to-people contacts. The Rangers plan to share their Canadian Guiding Experiences with as many Britains as possible, hoping they will serve as goodwill ambassadors for both Alberta and Canada.

The girls have been working toward this goal for one year by flyer delivery, bake sales, bottle drives, flea markets (every second week) and car washes to name a few. In the immediate future

the Rangers are planning their Easter fashion Show-bake sale and bazaar. A spaghetti supper, bottle drives and car washes are part of the spring plans of the group.

The St. Albert Girls British Cycling Tour Parents Committee (the Rangers Parents) are working closely with the girls by selling chocolates and there are plans for an Easter dinner turkey raffle for early March.

As these girls are not funded by any group they must try to earn the money themselves and as the girls represent a cross section of our St. Albert population we feel the community will benefit in turn by supporting their own in their forthcoming projects. So, let's get "Guiding on the Move."

James G. McGregor will speak at Historical Society Banquet

JAMES G. MacGREGOR

Mr. James G. McGregor will be guest speaker at the St. Albert Historical Society's annual banquet, St. Albert Inn, on Thursday, February 20.

Born in Scotland, Mr. McGregor came with his parents to homestead near Westlock in 1906. Following his graduation in 1929 from the University of Alberta in electrical engineering, he joined Canadian Utilities Limited where he eventually became general manager. In 1952 he was appointed chairman of the newly-formed Alberta Power Commission and remained in that capacity until his retirement in 1970.

Mr. McGregor's first historical publication was North-West of Sixteen, an

account of his family homestead. His published works include: Pack Saddles to Tete Jaune Cache, Edmonton Trader, Edmonton: A History, A History of Alberta and his latest, Paddle Wheels to Bucket Wheels on the Athabasca. He is now preparing a history of Father Lacombe.

A past president of the Historical Society of Alberta and a former governor of the Glenbow-Alberta Institute, Mr. McGregor received an honorary LL.D. from the University of Alberta in 1971 and in 1973 he was made a member of the Order of Canada. He is presently serving as chairman of the Alberta-RCMP Century Celebrations Committee.

For banquet reservations call 459-6809 or 459-8624.

SOME PEOPLE really like to feel head and shoulders above everyone else. No exception to this rule is Darell Kluthe, right, 13, of 7 Balmoral Drive, St. Albert who likes riding a high bike so much that he built one of his own. He said his dad George welded the frame and round about the end of last summer Darell began adding to it with bits of steel pipe; then an old seat and handlebars from an old bike. As you can see the bike stands head and shoulders above everybody else - including Darell's friend Vince Bellerose.

RECREATION FACILITIES

On January 31, 1975, the Minister of Culture, Youth and Recreation, the Hon. Horst Schmidt announced the terms of a joint provincial-municipal cost sharing program which is designed to facilitate the development of major multi-purpose recreational and cultural facilities. This announcement is most opportune for the Town of St. Albert given the inadequacy of certain recreational facilities presently existing within the town.

There are a number of problems which must be overcome before St. Albert residents can take advantage of this generous program. Firstly, the planning process which includes: 1) identification of recreational and cultural priorities; 2) the selection of appropriate sites and the acquisition of land; 3) the examination of sources of funding and 4) public participation and comments must be telescoped within an extremely tight time frame. In effect, St. Albert must go through all of these steps by April 1, 1975 if it wishes to commence construction in mid-summer or the fall of 1975.

Secondly, the co-operative efforts of a large number of committees, boards and service clubs are required in establishing the proposals and furnishing resources for the successful completion of the complex(es). The problems experienced by other communities suggest that unless there is a wholehearted agreement by all parties to co-operate and to work for the public good that the project could be held up for over two years or more as various groups debate the merits of alternative site locations and priorities that could be assigned to recreational needs in the community.

The council and myself will be assigning a high priority to meeting the deadlines required to provide the

facilities by 1976. We shall require the utmost co-operation and effort from all parties if we are to be successful. It is my belief that we can and will succeed in meeting the endeavour if we tackle this problem in an industrious and positive manner.

REMUNERATION OF THE COUNCILLORS AND THE MAYOR

On January 20, 1975, a motion was made to table the subject of the councillors and the mayor's resolution until the council meeting on February 17, 1975. The purpose of this motion was to examine the merits of the existing organizational structure and to acquire additional information pertaining to the establishment of proposed levels of remuneration. On February 3, 1975, a submission was received which requested council to obtain the opinion of an independent body regarding the establishment of remuneration levels given the fact that matters were becoming divisive, confused and partisan politics had entered the issue. Council passed a motion requesting the administrator to investigate the possibility of appointing an independent committee or consultant to provide an objective appraisal of the matter. This request was fulfilled and a consultant has been retained to examine the situation and report back to council in three weeks time. This implies that the discussion of the levels of remuneration will not be held until sometime in the near future. It has been decided that one week notification should be given and that a larger meeting hall should be selected in order that a larger number of spectators could be accommodated. Notification will be forthcoming sometime during the next few weeks.

R. M. H. PLAIN.

PARTY LINE

Tickets are now on sale for the St. Albert Historical Society's annual banquet at St. Albert Inn when Dr. James G. MacGregor will be the guest speaker on Feb. 20. There will be 'no host' cocktails at 6:30 and dinner at 7 p.m. Telephone 459-6809 for tickets at \$5 per person. Dr. MacGregor is a noted historian and interesting speaker and the event has a reputation as a fine evening out.

A meeting has been arranged on Feb. 18 for all local single parents with children in school or play-school. It will be held in Sir Alexander Mackenzie School at 7:30 p.m. A group of people are interested in forming a club for single parents which could offer help with common problems and encourage acceptance of single parent families. They extend a social thank you to Canada Safeway and Nabob Foods for coffee donated. For further information interested people are invited to write to Box 263X, St. Albert.

MONDAY, FEB. 17, a nurses interest group will meet in the cafeteria at the Sturgeon General Hospital. Under discussion will be the Misericordia Hospital re-

search program regarding staffing patterns utilizing R.N.'s only. The guest speaker will be Evelyn Switzer. Also under discussion will be the need for ambulance service in St. Albert.

SUNDAY, FEB. 23 - 2:30 p.m. Second annual Scout Guide Week Church Service to be held R.C. Church. For all scouts, guides, cubs and brownies, rangers and beavers in St. Albert area.

Anyone having used hard cover books, pocket books, magazines, comics or educational toys and puzzles is asked to contribute them to the annual Book Fair which will be held Sunday, March 2 in the Sir George Simpson School. Call 459-3606 for pickup. Proceeds go to

Simpson and Rundle schools and volunteers do the planning and work involved.

fuss over Mayor's pay

In all the recent fuss over the so-called raise in pay for Mayor Plain, it seems as if we may have overlooked the central issue.

This seems to me to be: does our city need a full time mayor? And if we need such a position, are we willing to pay the price? If the answer to both of these questions is

"yes," then Mr. Plain is not asking for a raise in pay but to be paid for services rendered on a full time basis.

Only the mayor, or those who have functioned in the position or close to it, are in a position to evaluate this question. Have other progressive high growth communities had to go to a full

time mayor? How large must we become before such a decision is forced upon us? 40,000? 50,000?

Council should not allow themselves to be diverted from objectively considering the real issue by giving undue weight to the shoutings of a clamorous few. Most of us would like you to

do the homework, give us the facts and if the law indicates a referendum is necessary, let's get on with the job. It is time to dispense with the heat and the less than rational outbursts in council chambers.

I think we are very fortunate to have attracted a man of Mr. Plain's qualifications to the office and that we have had the good sense to elect him. I for one would appreciate having a man of his calibre, working full time for us. The small extra cost on my taxes would be justified many times over by the results produced.

For the nonce Mayor Plain, we know you will keep up the good work you were elected to do, even if it takes every minute you can spare and on a part time pay basis!

H. G. Shuttlesworth,
Braeside.

\$46 million in direct municipal assistance grants for '75

Alberta municipalities will receive close to \$46 million in direct municipal assistance grants in 1975.

In addition, a reduction in the mill rate for the provincial school foundation program will result in a \$5 million saving to municipalities. The 15 per cent increase in grants and the reduction in the school fund mill rate represents an increase of 27 per cent over the 1974 level of assistance.

Municipal Affairs Minister Dave Russell said the increased grants and the school fund mill rate reduction are in addition to the interest subsidy payments on capital borrowings which had been earlier announced. Altogether, the three forms of assistance to

Alberta municipalities represent an increase of \$14 million over last year.

The minister indicated the announcement is made at this time to assist municipal councils in the earlier preparation of municipal budgets. Actual payment of the grants must await approval of the provincial budget and will likely be made in two installments as was done in 1974.

Education Minister Lou Hyndman indicated that the requisitioning mill rate for the provincial school foundation program will be reduced from 28 to 26 mills. This move will cost about \$5 million and will free that amount of money for municipal councils, should

they wish to use it for local purposes. The school foundation mill rate is applied against non-residential property in Alberta municipalities.

St. Albert's Carnival Queen had all the answers

Seventeen year old Julie Lesburg, grade 12 student at St. Albert High certainly had all the answers February 10 when she was crowned St. Albert Winter Carnival Queen at the Father Jan School.

She beat off the opposition from four other hopefuls for the title with Helen Reilly, a 14 year old grade nine student of the Sir George Simpson school as runner-up.

The three other contestants were grade nine student Kim Ficht, 14, of the Lorne Akins Junior High, grade nine student Karen Telford, 14, of Father Jan School and grade 12 student Susan de Hek, 18, of Paul Kane High School.

The contestants each gave a one minute speech on their own topic in front of about 100 school mates as well as a panel of three judges - St. Albert Citizen of the Year, Henry Terrault, Mrs. Dick Plain, and Father Al Roy of St. Albert parish. They were also asked to answer a spot question from principal of the Father Jan School John Kaminski who emceed the proceedings.

Contestants were judged on delivery of speech, poise and personality.

Julie gave a speech on the advantages of a second language in a bilingual country and thought that it would be a good idea if a bilingual kindergarten were opened in St. Albert. She recounted that she had spoken French when younger but had fallen out of the habit

as she mixed with English speaking society.

Karen gave her talk on St. Albert which she thought was a friendly town and a good place to relax. "You could also turn over the pages of history a hundred years," she said, and mentioned that St. Albert should be proud to have such a fine hospital and senior citizen's home.

Susan talked of the recreation problem in town and asked "what can kids do when they have nothing to do?" She also asked that the recently announced \$3.5 million recreation grant for the St. Albert constituency be put to good use.

Kim gave a short talk on the problems of individual development.

Helen talked about her school's foster child Phu Thang Truong "to let people know we are aware of the starving people in Vietnam."

When Julie was asked what should be done on the problem of vandalism, she thought that the culprits should be prosecuted to the full extent of the law so that St. Albert's beauty might be protected.

When Karen was asked what St. Albert most needed, she said "a shopping centre so that the older folk would not have to go to Edmonton."

Susan was asked what services the town should provide which it hasn't got now and replied it would be good if the town had a

theatre and also said she would like to see schools open at weekends for use by both adults and children.

Kim, in reply to her question thought there was a need for two or three more shopping centres which she would like to see located at Lacombe Park or Mission Avenue and Forest Lawn or Akinade.

Helen, asked if she thought the two school districts in St. Albert should amalgamate replied that everybody has his or her own religion and beliefs and should be able to go to their own school for those beliefs.

It only took the judges a few minutes to nominate the carnival queen. Julie was presented with a special trophy and bouquet of flowers and all the contestants came away with a small gift, a souvenir certificate from the Lions Club, and a small bouquet of flowers.

MAKING A pretty picture, candidates for this year's Winter Carnival Queen at the Father Jan School. From left are: Kim Ficht, 14, of the Lorne Akins Junior High, Karen Telford, 14, of Father Jan School, this year's Queen Julie Lesburg, 17, of the St. Albert High, Susan de Hek, 18, of Paul Kane, and the runner-up, Helen Reilly, 14, of the Sir George Simpson School.

Day Care Facility Sited in Fountain Park

Coun. Barry Breadner and Coun. Rod Thordson voted against a recommendation for the location of a Day Care facility in Fountain Park during the committee of the whole meeting on Monday night.

Breadner explained that while he was in sympathy with the need for the facility, he felt that the recommendation represented a "dangerous precedent" in terms of using park land for other purposes. Coun. Breadner, the council member on the Parks and Recreation Board, asked that a motion from the board go on record - "that the use of parkland for day care services reflects a questionable precedent." He reported that the board had unanimously passed this motion at their last meeting.

Coun. Thordson stated that the proposal brought a great deal of grief to him because he viewed the proposal with misgiving. Coun. Thordson, the alternate council member on the Parks and Recreation Board, said that he was in favour of finding a "permanent home" for the Day Care Centre but he was against the proposal because of its location near the parking lot and its location in an area under consideration for a major recreation facility. He also felt that setting out the site as the location for the Centre may adversely effect future planning decisions in the area.

Coun. Fyfe asked Mr. Byron, one of the four members of the study group which brought forward the recommendation, what areas were looked at before the recommendation was made. Mr. Byron pointed out that under the criteria given to the study group no site north of the Sturgeon River were examined, no land was found

to be available on Highway 2 or major access road which would suit the "pick up and drop off" requirements deemed important by the Day Care Society. He also pointed out that other considerations supplied by the Day Care Society were taken into account when making the decision.

Mr. Byron noted that if council agreed to the particular site and if there was thought that in future the site would be required for other purposes, then direction should be given that the building would only be a temporary facility. He also pointed out that the servicing of the Day Care Centre would result in many ramifications. "It is a wonder that just how temporary or semi-permanent the facility would be," Mr. Byron said.

The recommendation to council that the Day Care facility be located on the Fountain Park carried 4 to 0. Coun. Breadner and Thord-

son voted opposed and Coun. Lukay was not present at the meeting.

Mayor Plain moved that it be recommended to council to authorize discussions concerning design, development of costs and satisfactory financial arrangements to be agreed to between the Province and the Town. The recommendation carried 6 to 0.

Coun. Smith requested that time be given for decision regarding the per-

manence of the building before the matter is finalized. Mr. Charles T. Gale, director of Social Services, reported that submission of a preliminary estimate to the Provincial Social Service Board would result in additional time for further information to be brought to council.

The Day Care proposal must be before the Provincial Social Service body by February 15 to be included in this year's provincial grant budgetary outlay.

DEFENSIVE DRIVING COURSE

FOR RESIDENTS OF ST. ALBERT

will be held on February 13, 20 and 27 and March 6 at 7:30 p.m., at the Clubhouse on Greenfield Avenue. Course consists of four, two hour sessions. Registration fee \$8.00 per person. Registration may be taken first night of the course. Sponsor - St. Albert Safety Council, Instructor, Mr. Stan Mill.

BILLBOARD

FRI. & SAT., FEB. 14 - 15 - Lions Winter Carnival in St. Arena.

TUESDAY, FEB. 18 - Meeting for all single parents with school or pre-school children. Sir Alexander Mackenzie School - 7:30 p.m.

ONE COUPLE from this group of St. George Simpson Junior High students will be crowned carnival King and Queen at the school's winter carnival, February 24. They'll all be selling tic kets on a \$50 snowman. The tickets will be printed in colours representing the four houses at the school and the captains of the house with the highest sales will be crowned King and Queen. From left are: Gordon Rasmussen and Patty Johnson of Thompson House, Brian McBride and Sandy Mackay of Fraser, Carmen Cook and Penny Webber, of Hendy and Reid Jackson and Michelle Bjornson of Herne.

Library Film Program

St. Albert will once again present a candidate for the Title of Miss Cabane-a-Sucre. The choice will be made at the rally on February 15 at the St. Basil Centre in Edmonton. Miss Sylvia Le-Blanc of 26 Sheridan Drive will represent St. Albert - sponsored by the Social Club of St. Albert. Best of luck Sylvia.

The St. Albert Public Library's program of Family Films every Sunday afternoon at 2 o'clock will feature the following films this week: "SKY" - a short poetic film of the beauty of an Albertan cloud filled sky. "Airport" - a look at a day in the life of a busy airport. "History of the Motor

Car" - shows how the modern automobile was developed.

"The World of Jacques-Yves Cousteau" - a film by the National Geographic on the underwater exploits of oceanaut Cousteau.

Family films are shown each Sunday afternoon free at the Library.

New manager for Bank of Nova Scotia

St. Albert's new Bank of Nova Scotia manager, 47 year old Jan Huggens hopes to keep his record clean - as far as being out of stick-ups is concerned.

In his 20 years as a bank manager, Mr. Huggens says he's never been in a stick-up and "doesn't want to have that experience anyhow."

Mr. Huggens takes over the post vacated by John Westra who has gone to a new

appointment in Brooks. Mr. Huggens was born in The Hague, the Netherlands and came to Canada in 1945. He says his longest posting was at Calgary and he has also been in the banking business in Dauphin, Winnipegosis, and Portage La Prairie, Manitoba, as well as Sheldbrook, Saskatchewan and Kenora, Ontario.

Mr. Huggens started his new job with the Bank of

Nova Scotia February 4 and expects that his family will be coming out to join him this weekend. He'll be moving into a new house in St. Albert, July 1st.

Mr. Huggens has four children, Jeannette, 15, Steven, 13, Monique, 11, and Tony, nine. His wife Helen came to Canada with Mr. Huggens from the Netherlands.

District 3 board considers reading specialist

Miss M. Khemani of Vital Grandin School made a presentation at the meeting of St. Albert School District No. 3 on Monday, February 3. She hoped to convince the board to hire a reading specialist for District No. 3 schools. Miss Khemani put forward a strong argument for recognizing the need of this position.

She explained that reading is a process by which a child or reader acquires knowledge. As such, reading is an essential requirement for any subject area.

Miss Khemani suggested that a specialist should be involved with the entire school reading program and with the teachers. To support her case, she quoted results of a test she had recently conducted on 20 grade one children. She said she had found a general

pattern. Lack of sight vocabulary ranged from 10 - 40 per cent. A common error was reversals in general. Miss Khemani stated that she was not underestimating the teachers who she compared to general practitioners. She said you do not have to become a specialist to become either a teacher or a GP. Until a reading problem is spotted, it cannot be corrected.

Recently, she said that she observed a child with a reading problem and after several tests it was apparent that he had a depth perception problem. Miss Khemani felt that had a reading specialist been readily available within the school system, the problem would have been discovered three years ago.

Miss Khemani ended her presentation by remarking that she realized there were subjects other than reading but she reminded the board that reading assumes the basic role in all other subjects.

Chairman Steve Sieben thanked Miss Khemani for defining the need of a reading specialist to the board.

Under the heading of Chairman's Report, Mr. Sieben announced that a joint district school board meeting will be held on Thursday, February 20. He suggested that board members contact Mr. E. Baldwin, secretary-treasurer for items to be discussed.

Trustee Mrs. Sylvia Walsh reported that the vandalism

committee met on January 25 in council chambers. The committee comprises Councillor Wetsch, who presided as chairman, Trustee Shirley McCaffery of District No. 6 and herself representing District No. 3. Mrs. Walsh said that the committee tried to determine what its role should be and it decided to obtain some idea of the extent of vandalism in the town; how great the problem is if, in fact, it is a problem. The committee planned to direct letters to all businesses, churches etc. asking for input.

Mrs. Walsh continued that the type of information required was knowing what age groups are primarily responsible for acts of vandalism and, most important of all, what can individuals, elected bodies or other organizations do to counteract or prevent vandalism. She said that from the viewpoint of the school boards, a consistent policy should be implemented and it should be made well known throughout the school districts. It was also decided that if vandals were caught, charges would be laid. A recommendation was also put forward that when new schools are being built, architects should be instructed to make the schools as vandal-proof as possible, both in respect of location and the extent of windows.

Mrs. Walsh also mentioned two ideas put forward by the District No. 6 representative. One was a recommendation that the com-

mittee urge for more recreational facilities and the other was a suggestion that a poster or essay contest take place with vandalism as the central theme.

Mrs. Walsh then reported on the School Bus Safety Forum. (This was reported in detail in the January 29 issue of the Gazette). She commented on the confusion about

the red flashing lights on school buses and explained that the law concerning these applies only in rural areas. The Safety Council decided that the best thing to do was to make the public aware that flashing amber lights means they should approach a bus with extreme caution.

Under correspondence, Mr. Baldwin, secretary-treasurer

read a letter from Mr. Rudy Scheibelhofer requesting financial assistance from District No. 3 in order to form a high school football team. The board invited Mr. Scheibelhofer to appear before the board with his request. Mr. Scheibelhofer made a similar appearance before the board of District No. 6 on January 8, 1975.

Dogs running loose major problem for control officer

THE NEW ANIMAL SHELTER located on Riel Drive by the Public Works Building and Garage represents one of the best shelters of its kind according to Mr. Ross Tupling, the animal control officer. The shelter includes eight separate indoor pens connected to outdoor runs which are easily accessible for the impounded dogs. The shelter is heated, clean, and serves as the "base" for the animal control officer. The phone number at the shelter is 459-6788 and calls are received on a 24-hour basis.

By Alex Mirlin

Keeping a pet represents a serious responsibility but few of us recognize this fact until faced with a penalty as a reminder.

The program for control of animals in the Town of St. Albert was re-examined in the middle of last year resulting in the passage of a new Animal Control Bylaw of the town council on August 12, 1974. Mr. E. L. Rheault,

director of personnel and organization for the town, states that he suspects that many people may not completely realize the responsibility they take on when they get a pet.

"Our biggest concern," says Mr. Rheault, "are the animals running loose. Maybe one with a bad temper will bite someone." Mr. Rheault points out that the animal control program also is

concerned with those animals which are not treated well.

The Animal Control Bylaw includes the licensing program for identification of animals and their owners, an animal control officer patrolling the streets in a radio equipped van with authorization to impound animals found to be in contravention of the regulations, and an animal shelter where impounded animals are kept. Mr. Ross Tupling, the animal control officer, estimates that the dog population of St. Albert is 2,400 with only about half of this number possessing the appropriate license.

LICENSE REQUIRED

The license program provides a means of identifying both dog and owner so that if a pet is "picked up" the owner can be contacted. The fee structure of the license is \$5 for each neutered male and spayed female dog and \$10 for each male and female dog. The bylaw states that no person shall own, keep, or harbour any dog within the town limits unless such a dog is licensed. Every person within the limits of the town with a dog over the age of three months shall obtain a license for the current year from the town hall, the town animal shelter or from an agent approved by the council of the town.

Mr. Tupling took on the duties of animal control officer in early October of last year. He has been answering about 45 calls per month or about an average of 10 calls every week. "Anybody has the right to capture a stray animal under the bylaw," reports Mr. Tupling. "No repercussions will come back on them if they turn the animal over to me." He points out that the animal control officer can be contacted either by phoning the shelter (459-6788), contacting the town hall, or a message can be left on the recorder at the shelter.

St. Albert's animal shelter consists of a heated building located near the Public Works Building and Garage on Riel Drive. The building can accommodate eight dogs

in eight large individual pens and outdoor runs, where the animals can move about in as they please. The shelter also contains several cages for cats. Both Mr. Rheault and Mr. Tupling feel that the shelter is superior to any they have seen to date.

VET SERVICE USED

Arrangements have been made with a local veterinarian to treat injured or sick animals impounded by the animal control officer. The services of the vet are also used when an animal is to be destroyed. Mr. Tupling states that he is reluctant to destroy unclaimed animals but unfortunately he must

see that it is done. An animal is kept for a period of 72 hours if it has a license and it may be redeemed by the owner before that time at a cost of \$15, plus \$5 per day that the animal has been confined in the shelter. An unlicensed animal will be kept for 36 hours and may be redeemed for a sum of \$25 plus the \$5 per day pound fee.

The fact that an animal has been confined for longer than the bylaw states does not necessarily mean that it will be destroyed. Mr. Tupling says that he makes every effort to find a home for the animal rather than see it destroyed. Often people will notice an animal in the

shelter and ask if they can purchase it if no owner comes forward.

THREE SIMPLE RULES

In order to spare oneself from the needless expense and time involved in redeeming a truant animal pet owners should follow three simple rules of consideration: Simply do not allow the animal to run at large off the property unless under the immediate charge and control of a competent and responsible person, confine any animal which is vicious, in heat, or suspected of being rabid, and do not allow any animal to become a nuisance or disturbance to any person.

Faculties to hold open house in March

On March 8, the University of Alberta Faculties of Agriculture and Forestry, Engineering and Science will welcome the public to an open house of their faculties.

The faculties will open their doors at 10 a.m. on the Saturday with activities scheduled until 4 in the afternoon. Centering around the theme of "Scientists at work for you," the open house is being organized to be of interest both to the general public and to high school students who may be interested in pursuing a career in science through any of the three faculties.

Ten of the university buildings, mostly those located in the north-west section of the campus, will be open for the activities. Inside, demonstrations and displays will show the importance of science to the province and the work being done by scientists at the University of Alberta. And career information booths will provide information to prospective students.

Visitors will be given an idea of the wide range of

scientific pursuits within the three faculties by the diversity of the exhibits. They will range from computer and laboratory demonstrations,

wind-tunnels and structure testing, to a computation of the odds of various games of chance and tropical greenhouses.

REQUIRED

Houseparents for group home

Catholic Social Services requires houseparents for a community group home located in Edmonton - for 10 mentally handicapped adults.

One parent may be gainfully employed in other full or part-time work. A relief person will work closely with the houseparents.

Duties will include basic care and emotional support for handicapped adults. Duties will commence March 15th.

Please apply in writing to: Mr. A. R. Chalfoux, Comptroller, C.S.S., #207, 11125 - 107 Avenue, Edmonton, Alberta.

MR. ROSS TUPLING, animal control (and protection) officer, holds one of his four-legged wards from the animal shelter. Often a "house pet" cannot cope with the extreme cold of winter and could perish in the below zero weather. Lucky for this little fellow, he can stay at the shelter until his lost owner can be found.

W.I. hear talk on nutrition

The Women's Institute meeting of January 28 was held at the home of Marg Fechter with 16 members present.

Laura Henry reported that our next flea market would be in early March, so everyone can start digging out any items that would be suitable. Any old articles are really needed.

There will be a 25¢ fine for not answering the roll call. In February it is "tell your nickname and how it originated."

Three WI members were chosen for the Senior Citizens Recreation Board.

Norah Rouault, Lorraine Moore, and Marg Dalman.

Two perfect attendance spoons for 1974 given out by Vice-pres. Marg. Iseke to Louise Fuhr and Sharon Taylor.

Sadie Adams and Kay Bonneville offered to look into the possibilities of having another tour.

Laura Henry gave a talk on nutrition. She said that in a survey made, the biggest problem they found was obesity, in a nation that is really underfed. Many people were found to be anemic, and many men are found to be lacking vitamin

B. She said breakfast is very often omitted for one reason or another, yet it is the most important meal of the day. She compared it to starting an automobile trip with an empty gas tank. Breakfast should be eaten whether it consists of pizza and a glass of milk, instant breakfast, or bacon, eggs, toast etc.

If you are not getting the required vitamins in your food, supplements should be taken.

A lovely lunch was served by the hostess group while enjoying some slides shown by Kathy Fechter.

Kindergarten needs volunteers for cross cultural program

The Creative School Kindergarten would like to expose the children attending our classes to the different cultural heritages within our community. We feel that our children would benefit tremendously from the opportunity to learn that English is not the only language spoken in St. Albert and that other cultures have a rich and varied heritage.

We're looking for volunteers -- people old or young

who know something about a language and/or a culture other than English and would take the time to share this with the children. We hope that both the volunteer and the children would be enriched by this experience.

If you know another language or have a background other than English-Canadian, please help us; if you can. You need not be an expert or a teacher to be able to give the children a meaningful lesson in the Canadian

cultural mosaic. If you like children and know songs, stories, dances, or simple history of other cultures; if you have costumes or objects from another culture, we need you.

Retired people are especially welcome in this area because of their special expertise. Transportation to the school can be arranged and times can be arranged to suit your convenience. Please phone Linda Arnot at 459-8525 if you can help.

Dog Sled Races on Saturday

Eight dog sled teams will be in St. Albert next weekend for the winter carnival activities and the dog sled race scheduled for Saturday at 1 p.m.

The teams are from Fort McMurray and represent the Northern Professional Dog Racing Association. The opportunity to see how transportation in the north was carried out before the days of snowmobiles, helicopters and aircraft will be at hand when these eight teams, sponsored by local service organizations and merchants will race to Big Lake and back.

The Kinsmen, Progress Club, Breakfast Lions, Canada Safeway, Sturgeon Valley Equipment, Hutching's Shoes, Melton Real Estate, and the St. Albert Dairy Queen have all sponsored teams.

The race will commence from the Perron Street Bridge at 1 p.m., on Saturday, February 15.

DOG SLEDDING WILL BE REVIVED during St. Albert's winter carnival weekend, February 14 to 16. Eight dog teams will be racing to Big Lake and back from the Perron Street Bridge starting at 1 p.m. on Saturday, February 15.

Members of Mrs. Rose Williams' family got together at Youville Home on February 2 for this five-generation photo. Mrs. Williams of St. Albert holds baby Angela Rose Conrad. Next to her is Mrs. Mat Hittinger, Angela's great grandmother of Morinville, her grandfather, Mr. Pat Hittinger of Mearns and her mother Mrs. Rick Conrad also of Mearns. The young girl seems brightly aware of the significance of the occasion.

Pioneer Days at S.A.M. School

A host of "pioneer" activities were included in the Pioneer Day events at Sir Alexander MacKenzie Junior High School on Friday, January 31.

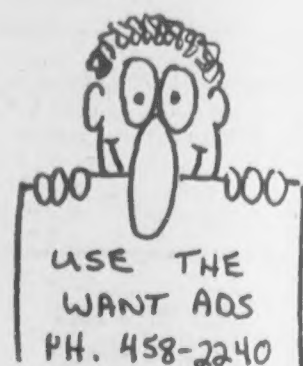

The Pioneer Day involved all four grade 4 classes as the culmination of a study of Canadian Pioneers. Not only did they relive the history of Canada with a visit to the museum to view the artifacts, they actually implemented the old fashioned methods of production, cooking and travel the pioneer would have contended with.

The students were involved with such activities as weaving (with straws in this case), churning butter, making soup, pulling taffy (an original old fashioned recipe was used), making pancakes, making candles (sand and drip methods were used), and snowshoeing.

The original procedures followed by the pioneers were used as much as practically possible and the results were gratifying. The

day was an utter success for both the students and staff.

The weather was a little nippy for snowshoeing but the youngsters were not deterred by the elements. Just like true pioneers they tramped about and enjoyed the experience of being on snowshoes.

Craft classes begin this week

Arts and Crafts classes in St. Albert begin this week, and there are still some

classes that can take a few more registrations: Pre-school arts and crafts, Tuesday

and Thursday at Grandin Clubhouse; puppetry for 7-12 year olds; advanced model aircraft and multicrafts for children. Advanced painting and stitchery for adults still have room, as do floral art, a new course designed to include the study of design in flower arranging, and lapidary, the process of cutting and polishing (on a grinding wheel) potentially beautiful rocks.

The Department of Culture, Youth and Recreation is holding four weekend workshops in the next few months that may be of interest to St. Albert residents. For ceramics people there will be a glazing workshop held Feb. 14, 15, 16 and a wheel-throwing workshop March 14, 15, 16. A batik workshop is scheduled for April, and a two-weekend workshop in stitchery will be held in May. These weekend workshops provide excellent instruction at a nominal fee and an opportunity for real in-depth study of an area, as they run from Friday evening, through Saturday, and Sunday until noon. Anyone interested in any of these workshops can obtain further information from Mr. Graziano at 452-6960.

Newcomers plan Auction

The annual cheese tasting party and auction sponsored by the Welcome Wagon Newcomers Club will be held on Tuesday, April 1. The very popular Mrs. Lois Hole will be acting as the auctioneer once again this year.

The Couples Curling Club have a new president. Carol Carpenter was elected president at a meeting held on January 8. The Gourmet Group also elected a new president. Helen Eide will be

taking over this position from Hammy Dueck who is retiring from the position after one year's service.

The Book Discussion group will be discussing "Sunshine" by Norma Klein at their next meeting. "Sunshine" is a very touching story of a young woman dying of cancer. The movie of the same name was shown on T.V., at the latter part of 1974.

MEET A MILLION DOLLAR SALESPERSON!

JANET WILLIAMS
WEBER BROS. REALTY LTD.
ST. ALBERT BRANCH
29 SIR WINSTON CHURCHILL AVENUE

Janet Williams . . . a member of the Edmonton Real Estate Board Million Dollar Sales Club. In other words, in the last three years Janet has sold over a million dollars worth of real estate. It takes someone special to match the right person with the right home, and Janet does this very well. Janet is one of the Weber team at our St. Albert Branch, where you know all your real estate needs can be met. Whether you are buying, listing or selling put a million dollars worth of experience to work for you . . . call Janet Williams at 459-6686.

NOTICE TO CAPITAL CABLE TV LTD. SUBSCRIBERS

On August 19, 1974, Capital Cable TV Ltd. made an application to the Canadian Radio-Television Commission (C.R.T.C.) for permission to increase the basic monthly subscription rate and connection charge for Cable TV Service.

A public hearing on the application was held in Edmonton on October 21, 1974.

In a February 3, 1975 announcement, the C.R.T.C. authorized the adjustment of rates for Cable TV service effective that date.

On April 1, 1975, the rate to existing Capital Cable TV Ltd. subscribers for basic service will be \$6.50 per month.

Effective February 3, 1975 the rate to new Cable subscribers will be \$6.50 per month. All subscribers will receive new coupons on April 1st, reflecting the rate increases.

The Canadian Radio-Television Commission has also approved a connection charge of \$20.00 immediately and \$25.00 effective September 1st, 1975.

ALL SUBSCRIBERS WILL RECEIVE NEW COUPONS ON APRIL 1st, REFLECTING THE RATE INCREASES

PROUD WINNERS of the St. Albert Junior High Boys Basketball Championship, this team from Father Jan School won six straight victories in the series. They beat off opposition from Sir George Simpson and Lorne Akins schools in the three week schedule. From left, front are: James Fowler, Terry Bletcher, Frank Tworek, with the trophy, Martin Wandinger and Marly Scheibelhofer. Back row from left are: Assistant Coach Bill Berry, manager Alex Reeves, George Gagnon, Mark Romenko, Dan Kehoe, Tom Wooding, Danny Bremault and Mr. D. Rurke.

Sportshop Barons

St. Albert Sportshop Barons ran their unbeaten streak to four games on the weekend, as they prepared for next week's opening round of the provincial "B" hockey playdowns.

The midget representatives tied Enoch 4-4 at the Arena Thursday, then back it up with an exciting 4-2 victory over Redwater at Redwater Sunday.

The Barons, originally registered in "A" playdowns, meet Westlock Thursday, Feb. 20 at 7:30 at the Arena in the opening game of the two-game total goal series.

The Barons, who often looked disorganized in Thursday's tie, put it all together in Redwater, outscoring the hometown team 2-0 in the final 20 minutes for the victory.

Against Enoch, the Barons opened fast with goals by Rod Olson and Real Huot in the opening three minutes; but Enoch scored twice late in the opening period to knot the score 2-2.

Defenceman Gilbert Longpre scored an unassisted goal midway through the second.

but again Enoch came back to tie it up with a goal at the 18-minute mark.

Huot's second marker midway through the third period seemed to lift the Barons, but Enoch stormed to the attack in the final five minutes and again tied the score 4-4.

In Redwater, right-winger Blake Milroy took a perfect pass from Paul McCann and had half the net to shoot at, to give the Barons a 1-0 lead with five minutes gone in the opener.

Redwater grabbed a loose puck behind netminder Dennis LaFleur four minutes later to tie the score, but the Barons raced back into Redwater's end just a minute later and Real Huot beat the Redwater goalie from close in after being set up by Dave Shipanoff.

Again Redwater tied the score with a power drive at the 15-minute mark, and both clubs played scoreless second-period hockey, although the Barons were robbed on several close-in tries by excellent Redwater goaltending.

Graham Brown banged in

a pass from Lloyd Olson midway through the final period after Olson won the faceoff deep in Redwater territory, to give the Barons a 3-2 lead.

Four minutes later Brown fed Olson a perfect breakaway pass, and Olson made no mistake, pulling the goal tender and beating him on the short side.

Scorpions in 1st place going into playoffs

Calahoo Scorpions senior hockey club sponsored by Speedway Mobile Homes moved into sole possession of

first place in the Sturgeon Valley Senior Hockey League over the weekend with a 6-5 win over Legal Citadels Sunday and a 5-1 victory over

Bon Accord Monday night. Standings, elsewhere in the Gazette do not include Calahoo's six point win over Bon Accord.

The win over Bon Accord was worth six points for Calahoo as both teams had three games against each other in the schedule which had to be played by the weekend.

Calahoo's win over Legal Sunday afternoon eliminated Legal's hopes of reaching the playoffs. Legal are the defending champions but had problems putting things together this season.

Teams from Calahoo, Villeneuve, Morinville and Naimo will be in the playoffs but who will play who will not be known until the weekend when Calahoo and Morinville play the final league scheduled game. At the moment both are tied for top spot although Calahoo has won all three games with Morinville.

Mark Contant and Jay McGeough of Calahoo continued to dominate the scoring parade as Contant scored three against Legal and two more in the Bon Accord game. McGeough scored a goal in each game and also added six assists.

Scorpions continue to get excellent goaltending from Wally Wencsek and Bruce McMillan and this more than anything has kept the Scorpions in contention throughout the year.

OUTDOORS

with Don Hayden

Most people don't like the real cold weather that this part of Canada is now known for. Many have to take a holiday in a more temperate climate, but I look forward to at least one good cold snap during the winter. A good stretch of cold weather offers many advantages to those who participate in outdoor recreation. The primary advantage is preparation for milder weather.

This preparation can take several forms. Checking over equipment, building a gun cabinet, or planning a recreation trip.

The first thing I take a look at when the cold weather keeps me at home are my guns. Usually I check each one to ensure that they are in perfect working order, also that there is a supply of ammunition for each on hand. I don't like running to the store for shells each time I go out. Another check is to see that the carrying case is in good shape and clean inside. Gun cases can really collect dust. The storage of guns and ammunition is an important consideration. If possible lock them up in separate cabinets. The very least that a hunter should do is to store the ammunition in a place well removed from his guns and as inaccessible as possible.

After firearms my fishing gear gets a close inspection. First the rods should be inspected for any sign of

wear or damage. A small amount of maintenance will extend the life of even inexpensive rods. Check the metal parts for grooves that may have been worn in them from the fishing line. A good fishing gear store carries almost any part that you would want to replace. Again it's a good idea to check the case you store a rod in for wear or other minor problems.

The fishing reels require a lot of attention. The most frustrating thing for any fisherman is to have his reel give out on a fishing trip. You don't have to be a technical specialist to service a fishing reel. The better models will come with a diagram showing what maintenance is required. Anything less than a perfectly operating reel is unacceptable for a successful outing. Strip all the line off the reel to make sure that no deterioration has taken place. If you suspect the line at all, replace it. You would really be discouraged if you hooked a good size fish next spring only to lose it because of a poor quality line.

Check your sleeping bags over to determine if they require cleaning or repair. Minor repairs can be made at home but leaving anything major to a professional tent or bag maker. Don't forget any repairs that your tent or trailer require either. You will receive excellent service

at this time of year.

Well, after checking all that gear you must be ready for a project. One that I've always wanted to try is a combination hunting and fishing equipment cabinet. This is a fairly complex undertaking for someone with minimal carpentry skills like myself. But I've seen plans that look simple enough even for me.

Another possible project is a smoker. It should be usable for fish or meat. Designs for a smoker vary from one that will hold two fish to a whole moose. I would settle for something that could hold about 10 or 12 fish.

Plans for your projects can be found at the library or in back issues of outdoor magazines. If you have a friend who has already built something that you would like to try, borrow his plans.

Don't forget to plan a trip so that you can use your carefully maintained equipment when the mild weather returns.

Skate-a-thon Schedule Sunday, February 16

Please Save For Reference

7:00 - 8:30 a.m. Shavers
8:45 - 9:45 a.m. All Mite A teams and teams #1, 2, 3 and 4 Mite B
10:00 - 11:00 a.m. Mite B teams #5, 6, 7 and 8 & All Pee wee A teams
11:30 - 1:00 p.m. 8 and under open skating (non Minor Hockey players), and dignitaries.
1:15 - 2:15 p.m. Pee wee B's and Bantam A teams 1, 2 and 3.
2:45 - 3:45 p.m. Bantam A teams 3, 4, 5 and 6 and All Bantam Bs

4:00 - 5:30 p.m. Nine and over open skating (non minor hockey players) and adults.

SPECIAL NOTE

All minor hockey boys are requested to wear their hockey sweaters and to be at the Arena one half hour before their starting time. Parents are invited to skate with their children in open skating times, but not during team times.

Great Skate-a-thon prizes

Those boys and girls who turn in the most pledge money will be awarded some fine prizes in various categories, to be awarded after all money is collected:

1. Boy turning in the MOST PLEDGE MONEY - SUPER TACKS.
2. Girl under 6 yrs. turning in MOST PLEDGE MONEY - FIGURE SKATES
3. Girl age 7-9 yrs. turning in MOST PLEDGE MONEY - FIGURE SKATES
4. Girl age 10-12 yrs. turning in MOST PLEDGE MONEY - FIGURE SKATES
5. Girl age 13 and over turning in MOST PLEDGE MONEY - FIGURE SKATES
6. TOP MINOR HOCKEY TEAM TURNING IN most pledge money - TEAM JACKETS.

Residents are asked to support the youngsters when they call with their pledge cards, and a pledge of 1¢ is adequate, as many will receive a number of young callers and a household could inadvertently run up an unexpectedly high pledge total. The kids are working for the community and your assistance is greatly appreciated.

Special Guests And Trophies

The Kinsmen will have as their special guests for Skate-a-thon MLA Eric Jamison, Mayor Richard Plain, Bob Arnold of Radio Station C/JA, Terrie Jones of the Edmonton Journal, eight St. Albert school principals and Tom Wilkinson of the Edmonton Eskimo Football Club.

Bob and Terry will be skating for the Press-Radio Trophy and the school principals will compete for the Top Principal Trophy. The guests will be skating in the 11:30 to one o'clock time slot.

7. TOP MINOR HOCKEY TEAM in each division turning in MOST PLEDGE MONEY (17 for each team) - OILER HOCKEY TICKETS
8. Top Boy in each division of Minor Hockey wins - SUPPER WITH EDMONTON ESKIMO TOM WILKINSON, 1974 Schenley Award Winner - for HE AND DAD.
9. Consolation Prizes - HOCKEY TICKETS.
10. Prize for ALL skaters turning in pledge money regardless of amount wins a complimentary coupon for a BIG BURGER & REGULAR SHAKE AT THE DAIRY QUEEN.

ST. ALBERT RECREATION REPORT

FAMILY CAMPING

The St. Albert 69'ers Family Camping Club was formed in 1969 with the purpose of promoting better camping and allowing members to exchange information on camping facilities available as well as better camping methods.

Since then, the club has really grown and has remained truly a family organization. Camp-outs and picnics take place during the summer and in the winter months, members meet on the third Sunday of each month at 7:30 p.m., in the Grandin Clubhouse (beside the swimming pool) and they bowl together on the first Sunday of the month.

New members are always welcome at the monthly meetings - the next will be held on Sunday, Feb. 15. So, whether you camp in a tent, a trailer, a camper - or under a tree - why not join your fellow-campers in the St. Albert 69'ers? Ray Ethier is the president and he'll be glad to hear from you at 459-6105.

CHESS

Chess is played each Wednesday evening at 8 p.m. in the Mission Clubhouse, Mission Avenue. The St. Albert Chess Club was formed last year and now has a solid core of enthusiastic players. If interested, go along to the Clubhouse any Wednesday evening or phone Stuart Embleton at 459-8937 or Lawrence Jones at 459-8931 for information about the club.

HISTORICAL SOCIETY

The annual banquet of the St. Albert Historical Society will be held on Thursday, Feb. 20 at 6:30 p.m. in the St. Albert Inn. Dr. J. G. MacGregor will be the guest speaker. Phone Mrs. Lucie Hermans at 459-6809 or Mrs. Arlene Borgstede at 459-8601 for information and tickets.

GOLF

The annual learn-to-golf school will take place in March, starting on Tuesday, March 18. Details will be announced when arrangements have been completed.

SQUARE DANCING

The next regular dance of our local square dancers, the St. Albert Saints and Sinners, will be held on Saturday, Feb. 15 in Sir Alexander Mackenzie School. For information about the activities of the group, phone 458-0534.

FIGURE SKATING

Members of the St. Albert Figure Skating Club will be taking part in the program which will be held on the afternoon of Saturday, Feb. 15 in connection with the winter carnival. Our figure skaters are busy people these days, between performances and testing which is going on this week and next and they are already talking "carnival" which will be taking place this year at the beginning of April.

HOCKEY

A reminder to hockey coaches that reservations for ice on the outdoor rinks can now be made for the following week on the preceding Thursday between 1 and 4 p.m. by phoning the Department of Recreation at 459-6601. Previous Friday was the earliest day on which such bookings were accepted. Reservations will, of course be taken after that time but experience should show that first come, first served.

PARKS AND RECREATION BOARD

The Parks and Recreation Board met on Wednesday, February 5.

Delegations appeared before the board on behalf of the St. Albert Sailfish Swim Club and the St. Albert Youth Club and reports were received from the ad hoc committees set up to study

facilities and the Joint Use Agreement.

As the reports refer to matters included in the "Shelley Report," they will be examined at the next of the series of special meetings being held by the board to study the recommendations contained in the report.

Among other matters discussed by members of the board was the development of the river valley and the possible encroachment of the area for commercial use. Recommendations are being made to council that a parkland corridor be established in the valley and that the Provincial Government be approached to establish Big Lake as a recreational priority.

The next regular meeting of the board will be held on Wednesday, March 5 at 7:30 p.m., in the Town Hall Annex. Members of the public are invited to attend.

Presentations from individuals or organizations for consideration by the board at one of their regular meetings should be received, in writing, not later than the preceding Thursday by the secretary to the board: Mr. Bernie March, director of Parks and Recreation, Town Hall, St. Albert.

SOCCER REGISTRATION

Registration for soccer, sponsored by the Hercules Sports Association, will take place on Monday, Feb. 17 and Monday, March 3 from 7 - 9 p.m., and at three different locations on both evenings: Paul Kane High School, Cunningham Road; Arlene Lacombe School, Gainsborough Avenue, and the Percy Page Recreation Centre, Mission Avenue.

The fee for registering in the association is \$6 for a single membership and \$9 for a family. The family membership entitles member of one family to participate in any of the programs sponsored by the association, which at present include soccer and girl's softball. Registration forms which require the signature of a parent or guardian will be available at the time of registration.

Boys born between 1959 and 1969 can register. Only the names of girls born between 1959 and 1965 will be taken at the time of registering. If enough interest is shown in the different age groups, girls soccer teams will be formed and the fees collected later. Registrations for girls' softball will be taken at a later date, as well as for soccer for boys of 17 and 18 years.

CROSS COUNTRY SKIING

Twenty-five members of the St. Albert Nordic Ski Club made the trip to Elk Island Park on Sunday, Feb. 9. As a base, they used the Youth Hostel and in spite of the cold a good time was had by all.

The Ski Club is involved with the festivities of the Winter Carnival which will be held at the weekend, Feb. 14, 15 and 16. Members taking part in the parade should meet at 8 p.m., at Lions Park, where the parade starts. It will be followed by a

torch light ski down Mission Hill.

Cross country ski races, open to all, will be held on Sunday, Feb. 16 at 2 p.m. The entry fee is \$50 and registrations will be taken at 1 p.m. at the foot of Mission Hill. It will also be possible to pre-register at a booth which will be set up in the Grandin Shoppers' Park Mall on Saturday, February 15.

On Sunday, Feb. 16, there will be a "Citizens Tour" starting at Sir Alexander Mackenzie School at 3 p.m. This will be an opportunity for residents to get acquainted with the activities of the club and the trails in the different areas of the town.

Members wishing to get involved with the racing, the parade, the "citizens tour," the concession, etc., should phone Hugh Puffer, president of the club, at 459-6048. And anyone interested in joining the club should phone Ken Rothwell at 459-5131.

ARTS AND CRAFTS

Almost all the classes offered by the St. Albert Arts and Crafts Guild, in co-operation with the Department of Parks and Recreation are now full.

However, there are a few openings left in the following children's classes: advanced model aircraft, puppetry and multicrafts. If steps are taken immediately, there may still be time to register by phoning Lois Folkins at 459-7344.

FIGURE SKATING

Following are the results of the CFSA Dance tests held on Feb. 5: Dutch Waltz - Shelly Buma, Sandra C. Davis, Stephanie Zdrill, Cindy Kadar and Gerry Joyal; Dutch Waltz and Canasta Tango - Diane Duttall and Kristina Phillips; Canasta Tango - Shannon Mill and Andrea Beeby; Canasta Tango and Swing - Peggy Wylie; Dutch Waltz, Canasta Tango and Swing - Tanis Mowbray; Canasta Tango and Fiesta Tango - Laura Holth; Swing Dance - Heidi Lotocki, Natalie Lassiter, Carolyn E. Russell and Allison Lassiter; Swing Dance and Fiesta Tango - Collette Lassiter and Jocelyn Blackburn; 14 Step - Wendy E. Hunt, Lorraine Goebel and Lynda Matear; Willow Waltz and Ten Fox - Andrea Vandergouwe; Willow Waltz and 14 Step - Janice McNeil; European Waltz - Betty Ann Vanclerland; Fox Trot - Janet Duttall; American - Cheryl Wakefield; American and Rocker Fox Trot - Vivian Blackburn. These young members of the St. Albert Figure Skating Club are to be congratulated on the results of the tests.

ARENA ACTIVITIES

The winter carnival is scheduled to take place on Feb. 14, 15 and 16. This is a very important event in the community calendar and naturally will include activities in the arena in which

there will be maximum participation by both young and older, either as participants or spectators. Because of these activities it has not been possible to schedule public skating for either Saturday, Feb. 15 or Sunday, Feb. 16 and the normal public skating sessions have been cancelled.

The St. Albert Lions Club will be running a varied program of events on Saturday starting at 8:30 a.m., and finishing in the evening. And on Sunday, the annual Kinsmen skate-a-thon will take place, starting at 8 a.m., and ending at who-knows-when, depending on the extent of participation and the stamina of St. Albert youngsters for whom this is one of the most important events of the year.

The public skating session on Wednesday, February 19 has also been cancelled because of the figure skating tests for members of the St. Albert Figure Skating Club.

These cancellations are unavoidable and it is hoped that skating devotees will understand. They are reminded that the outdoor rinks are available and never crowded. Attendance on the outdoor rinks has recently been almost as low as that in the arena - even when the weather was blameless.

Among games being held in the arena worth watching will be that between the St. Albert Junior Bruins and Sherwood Park at 7:30 p.m., on Friday, Feb. 14.

Bon Accord winter carnival success

By Sadie Allen

Despite a lack of co-operation on the part of the weatherman, Carnival weekend was a successful affair. Certainly there was no lack of co-operation from the teachers who helped to organize and supervise a fun-filled Friday afternoon for the school kids, nor from the many district residents who kept the goodies booth well supplied. A special commendation to the booth ladies, who braved the weather to keep a supply of food ready for the hungry crowd. The family dance boasted a record crowd with local resident Tom Mytrunec and the Country Peppers supplying the music. Master of ceremonies Mr. Stan Kowalski introduced last year's queen Miss Shelley Brown. The girls were presented with corsages. At 11 o'clock Queen of 1975, Miss Dallas Kreway was crowned by retiring queen Shelley Brown assisted by princesses Lori-ann Rapien and Belinda Draper. Mr. Ken Fearnley, deputy mayor presented Dallas with a bouquet of flowers on behalf of the Community Centre Board and each of the candidates with cash awards. Ticket sales this year were extremely good and the girls and their salesmen are to be commended for their great success. Lucky draws went to Mrs. Emily Kreway, Bryan Tomlinson and Mrs. Mary Dodds. The shaver tournament slated for Saturday morning was postponed to a warmer weekend when the boys will be playing for a trophy.

A large crowd turned out to bingo on February 9 but the jackpot still was not won and is now \$200, in 60

Bill was scolding his wife: "And in addition dear, I believe that you fib a little at times."

"But I mean well," retorted his wife. "I think it's a wife's duty to speak well of her husband occasionally."

numbers. The bonanza bingo was shared by Joan Hill, Bill Deedman. The jackpot consolation by Mrs. Love and Sylvia Mullett. Remember bingo at 7:30 on Sunday evening.

AMBULANCE DONATED

The Bon Accord St. John Ambulance Emergency Service became the proud owners, officially, of a fine ambulance presented by the Bon Accord Lions on Sunday afternoon. Keys to the ambulance were turned over to the emergency service by Carnival Queen Miss Dallas Kreway. St. John Ambulance Emergency Service would like to thank - the Bon Accord Lion's Club, the people of Bon Accord and district, and a special thank you to the

PRESIDENT OF the Bon Accord Lions Club Dave Latta (left) officially presents a fine ambulance to the St. John's Ambulance Emergency Service. The ambulance was accepted by superintendent of the service, Nigel Mansfield, [just right of Mr. Latta]. Also at the presentation, just right of Mr. Mansfield is Dallas Kreway, the Bon Accord Winter Carnival Queen.

following businesses for their donations of services and equipment: Dodds and Sons, Esso Service Bon Accord, Norm's Oilfield Welding, Bon Accord; Leo Panchyshyn Paint and Bodywork, Legal; Endura Paint Manufacturing Edmonton; Arnold Reichle Carpet Installations Ltd., Bon Accord; Chris Forrester, sign writing-lettering, Edmonton; George Deputat, G.E.D. Upholstery, Edmonton; Henry Popjes, carpentry, Bon Accord; Edmonton Motors and anyone else who in any way helped get the ambulance into service, also the following for medical supplies: Packard Medical Supplies and Ohio Medical Products. The ambulance will eventually be stationed in the new fire hall on 50th Avenue, Bon Accord. Until this building is ready, it will be stationed in Ray Rigney's school bus garage on 49th

Street in Bon Accord. To allay any misconceptions, the emergency service and the ambulance will remain a free community service. In return all we ask is community support for any of our fund raising schemes. Look for a dance coming up in the near future. A special thank you is extended to the doctors and staff of the Sturgeon General Hospital for technical assistance and information. Remember our number is 921-3777.

EVENING GROUP OF UCW MEET

An evening group of the UCW will meet on the third Tuesday of the month with the first meeting to be held at the home of Mrs. Ann Anderson, 4705 - 53 Ave., Roseglan subdivision, on Feb. 18 at 8 p.m. This group

has been formed to accommodate those ladies who wish to work along with the afternoon group but are unable to attend the regular Wednesday afternoon meetings. For more information call Ann at 921-3594.

A quilting bee will be held in the basement of the United Church on Feb. 24 at 1:30 p.m., with subsequent quiltings every afternoon until finished. Anyone interested is cordially invited to drop in. Please call Patje Keown at 921-2307 and leave your name and the times you are available so that too many don't arrive at the same time. The UCW are collecting articles for the white elephant table at their Easter tea. Call Carol Wyness at 921-3645 if you have anything to donate.

The regular meeting of the UCW was held in the church on February 5 at 1:30 p.m. The club entertained visitors Mrs. Rose Ruth and Mrs. Yvonne Pasemko from the RCW who discussed the upcoming World Day of Prayer which will be held in Holy Trinity Anglican Church at 7:30 p.m. on March 7. A committee comprised of Mrs. Ruth, RCW, Mrs. Janice McDonald, UCW and Mrs. Ruth Cline, ACW, was formed to look after arrangements. Mrs. Patje Keown consented to take over the duties of UCW president for three months.

The 4H Food Club held meetings on January 21 and February 4. Members made a variety of dips to use with chips and groups 1 and 2 made fruit salad and grilled cheese sandwiches. The meeting on February 4 concentrated on party novelties made from ice cream. An interesting program is on tap for the club with bowling on March 2, public speaking on March 10 and a trip to the rodeo planned for March 25. Plaques were returned to members. Each member donated 50 cents to add to a \$10 pledge from the club being sent to Telerama. This report was submitted by club reporter June Zendran.

Plans for the AMA Driving Training course can not be finalized until at least eight paid-up registrations are in. If you are really interested get your money into Pauline Mansfield immediately if not sooner.

The Community Centre Board are sponsoring a dine and dance on March 1 with music by the Satellites. Tickets may be obtained from Pauline Mansfield or Doreen Hewitt after February 17th.

The jewellery making class has been cancelled due to lack of registration.

MORINVILLE MEMOS

By Marilyn Pelletier

Would your young toddler like to try the ice on for size. There will be pre-school age skating every Tuesday, Thursday and Friday from 9:30 to 10:30 a.m. This is strictly for recreation purposes and all children must be accompanied by an adult. For further information contact Mrs. Lindley at 939-4158.

For a valentine evening out don't forget to go to the Legion that night for their annual Valentine's Day dance commencing at 8 p.m. Tickets are available at the door. The price is \$2 per

person. There will be a door prize drawn. During the evening the winning tickets for the Legion Pay What You Pull will be drawn.

The monthly Morinville Foster Parents meeting will be held on February 13, 1975 same time, same place as usual. A special request is made that all foster parents attend as a new slate of officers for the year will be named at that meeting. We understand that 2/3 of all members must be present to hold an election of officers.

The Mothers Local of

Guides and Brownies will be holding a rummage sale in April. Any clothing or miscellaneous items to be given away should be collected and dropped off at the Library. For information etc., please contact Gwen Knoll at 939-2072 or Alfreda Gusbrecht at 939-4192.

The next meeting of the United Church Ladies Aid will be held at the home of Mrs. Helen Schriver on Tuesday, Feb. 18 at 8 p.m. We welcome all new ladies in town as well as long time residents. For any information, please call Jean Robin-

son at 939-4153.

Canadian Figure Skating Association Club is in the process of being formed in Morinville. The Steering Committee intends to have skaters on the ice Saturday, Feb. 15, to finish out this year's skating season. All those interested in figure skating are invited to attend a meeting on Thursday, Feb. 13 at 7:30 p.m. at the Recreation Centre. Representatives from CFSA and ARSA will be on hand to answer any and all questions

Flash - The skate-a-thon

which was to be held last Sunday will now be held on Sunday, Feb. 16. So kids you still have time to go and get more sponsors.

SPORTS

The Remperts won by a score of 7-2 over Riviere Qui Barre. In the peewees the Lions defeated Legal with a score of 8 to 0.

Morinville Mites beat Legal 5 to 0.

Mr. and Mrs. Ron St. Laurent and Mr. and Mrs. Joe St. Laurent have left for Kitwagana, B.C., to visit Mrs. Bob St. Laurent who is seriously ill. Mr. and Mrs. Bob St. Laurent are originally from Morinville and left here for B.C., in the early 1960's.

Ladies are you interested in daytime leisure activities? Register now in Ladies Take-a-Break on Wednesdays, 9 - 11 a.m., or 1 - 3 p.m. Opportunity to get acquainted, learn and exchange interesting ideas, home economy and consumer information, crafts, demonstrations, educational talks, exercising, cooking, needlework, field trips, etc. Babysitting will be available for mothers attending the session. Children must be walking. Fees for 10 week

session \$4 plus babysitting \$1. (one or more children). Fees per session 75¢ plus 25¢ each child. Everyone is welcome. February 19 session will be Fondue cooking (morning) demonstration on ceramics with molds (afternoon). Sessions coming up could be on weaving, needlework, liquid embroidery, metrics, home decorating, Ukrainian Easter egg decorating, artificial flower arrangements, landscaping and many more.

For more information and registration please phone 9-4625, 9-4036, 9-4829 or 9-4622.

Morinville Seniors Winning

Tuesday, Morinville Seniors played Legal in a fast skating, close scoring game ending 5-4 for Morinville.

Friday they battled with Calahoo where some terrific goaltending was displayed by both teams. In spite of the many attempts to score, the Seniors lost 4-2. Gibbons and

Morinville played Saturday night with Morinville taking the game 9-3, then Sunday Morinville travelled to Bon Accord coming away with another win of 4-2.

The Seniors have been playing some exciting games and displaying tremendous team spirit in their efforts to

compete in the league. They've been shuffling between first and second place but are determined to end in first and to remain in that spot till the season is over.

Games coming up this week are Morinville versus Villeneuve, Friday the 14th, 8:30 then Morinville will play

Calahoo Saturday, the 15th, 8 and Sunday the 16th, Morinville will play their last league game against Bon Accord at 2 p.m. All these games are home games for the Seniors in the Morinville Arena.

Semi finals begin Tuesday the 18th and it appears Namao, Villeneuve, Calahoo and Morinville will be competing.

Come out and cheer our team on to victory, your support is really appreciated. See you at the Arena.

MTTA meeting for Morinville

The next director's meeting of the Midnight Twilight Tourist Association has been slated for Morinville.

No date has yet been fixed. This was one of the items which came up at the MTTA's directors' meeting in Slave Lake, January 26.

At the meeting Mayor Bill Thomas of Slave Lake presented a cheque for \$151.78 to MTTA president Milt Lawrence on behalf of the Klondike Trail Paving Committee. This committee was successful in obtaining a commitment from the former

Minister of Highways Gordon Taylor to have all of Highways 2 and 44 paved. This was completed in 1973. The results of this paving have been to more than double the traffic flow on both highways, resulting in a boost to the local communities economies along the way.

Also during the meeting the membership committee reported the arrival of new 1975 plaques and stickers and will be sending out membership notices to all members soon. New broch-

ure format was also presented and the pictures for the brochure were unanimously approved.

Search for Talent Successful

The Search for Talent contest held Saturday evening at the Recreation Centre was a huge success. The contestants performed for a near capacity crowd. There were 19 entries that performed a variety of acts. The master of ceremonies for the evening was Michael Cranstion of CFRN Radio. The ACT felt that the Morinville Search for Talent contest was one of the better programs that they have had the pleasure to tape. The show will be aired on CFRN Radio next Sunday at 9:30 a.m.

Some of the local winners are as follows:

JUNIOR DIVISION - 1st

Sandra Boddez and Group; Tied - Donald Zadunayski.

These two acts received trophies and will go on to the semi-finals to be held in Leduc in mid-March.

2nd place - Sister Majeau's Grade 2 choir; Tied for 2nd - Susan Pitko.

The second place winners won trophies and certificates

In the Showmanship Division - 1st place went to the Morinville Dollies; Tied with the Dollies were Bella Carlson and Karen Newlove. 2nd place - The Vanier Junior Cheerleaders.

VARIETY DIVISION - 1st was won by Elvina Hunter performing one of her own compositions. All first place winners will be going to Leduc in March.

The audience felt that the show was excellent, along with the 19 talent acts, CFRN also provided some professional talent from the city.

Miss Donna Bulger drew the winning tickets. Mr. Ray Manasterski won the first door prize which was a ladies wrist watch. June Keizer won another door prize consisting of an electric bean pot.

Donna also drew the 10 qualifying tickets on the ACT Trip to Mexico. Eva Quinn's brother and sister-in-law from B.C., qualified. Also Mr. George Bulger's name was drawn. The balance were from various places.

The Board of Trade pull tickets raised \$457.50. The ACT then presented the Board of Trade with a cheque for half the amount raised. The money to be used as they see fit.

The Board of Trade then treated all the CFRN and ACT people connected with the Search for Talent contest to a delicious lunch at the end of the evening.

Birth Announcement

Collin Steffes is proud to announce the long awaited arrival of his baby sister, February 4, 1975. My parents, Mr. and Mrs. Russell Steffes have named her Susan Diane and my grandparents are Mr. and Mrs. C. Steffes, and Mr. and Mrs. C. Hillman.

M.F.C. meets in Legal

By Lucienne Montpetit

The MFC opened their monthly meeting on Feb. 3 at the Rec. Centre with a prayer led by Father Bissonnette. President, Mrs. Clouthier welcomed everyone to the meeting and the guests, especially the guests "the husbands".

Secretary Irene Maurier read the minutes of the last meeting and gave a financial report. She also read a letter from the Diocesan committee inviting the members to attend the Congress on April 3 in St. Paul and encouraged them to do something special for the MFC week.

The members agreed to pay a mass on April 7, that will be followed by the meeting. The committee asked for suggestions and ideas to make the congress, more inspiring and educational.

The booklets for the contest on Vocations were received late but we hope that the teachers and parents will encourage their children to participate. The theme of

the contest is Vocation to the Priesthood and to the Religious Life.

A letter from the Archbishop O'Neill from the Archdiocese of Edmonton was read. The Archbishop stressed the importance of stressing the major Seminary in Edmonton open in order to help future priests. It was agreed that a collection should be made after the three masses on Feb. 9. The response was very good, many thanks to the people for their generosity.

The president asked for donations for the bake sale that was held February 8 at the Co-op.

Groups were formed to discuss questions that were given by Father Bissonnette. The men took an active part in the discussion.

The meeting was adjourned and everyone enjoyed the social evening. A delicious lunch was prepared and served by Mrs. Lorette Pelletier and her helpers which concluded the evening.

By Lucienne Montpetit
In order to raise funds for the yearbook, the Students' Union is sponsoring a Valentine dance on February 14 for the junior high students in the school gym. We also invite the parents to come and enjoy themselves from 8:30 - 12 to the music of our local band "Prad." Hope to see you all there!

The Associate Medical Clinic have purchased the former Legal Savings and Credit Union building. Renovations have been completed and the clinic is open every Thursday for your convenience.

The annual dinner plate will be held on March 8. Tickets are now on sale for \$30 a couple which includes, dinner, dance, refreshments and a chance on \$2,000 prize, plus nine consolation prizes. You may purchase your tickets at the Credit Union or from the board members.

The annual supper meeting and the official opening of the Legal Savings and Credit Union will be held on February 22. Tickets available at the Credit Union or from the directors.

LEGAL LOCALS

The Legal girls hockey team defeated Gibb's by a score 7-2. The girls have a good time playing hockey, more girls are needed for the team so if you wish to play contact Mr. Frank Klassen 961-2229 or Sharon Veitch 961-2399.

A warm welcome to Mr. and Mrs. S. Meyers and family, the new appointed manager for the Bank of Nova Scotia, replacing Dan Dennis who was transferred to Calgary, also to Mrs. Tony Rivet who has moved in Raymond Pelletier's house.

Get well wishes are extended to Mrs. Jeanne Gagnon who is a patient at the Royal Alexandra Hospital.

Les Femmes Chrétiennes wish to thank all those who contributed in any way, making the bake sale a success. The rug was won by Mrs. Eugene Theroux and Red Krauskopf won the Valentine cake. Special thanks to the Co-op management for allowing us to hold our bake sale there.

COURSES TO BE OFFERED IN LEGAL

Beginning on February 18, there will be creative dancing lessons for boys and girls of ages 4 - 12 years. These lessons are to develop boys and girls ability to express themselves through movement. These classes will be held every Tuesday for six weeks from 4 - 6 p.m., at the Recreation Centre. Registration fee is \$1 per student for the six lessons. Anyone interested please contact Angie Auger, 961-2357 or Dee Dee McLean, 961-2519.

Ladies Keep Fit classes every Tuesday from 8 - 10 p.m. Keep fit and yoga with instructor Eva Coulombe. Classes are held at the school gym.

Folk Guitar beginning on February 10 at 8 p.m., at the Rec. Centre.

Liquid Embroidery - February 20 - 8 p.m., Rec. Centre. Contact Mrs. Fredsberg 961-3849.

Beginner's Crocheting - March 27, 8 p.m., Rec. Centre.

Cake Decorating approximately April. For further information contact Sharon Veitch, 961-2399 or the instructors.

There will be a meeting at the Club 60 Roses February 17 at 2 p.m., to discuss a Government sponsored trip in June or July. The suggested places to visit, Ottawa -

five days, Quebec City, 3-4 days, Cornwall and Montreal, two days. Approximate cost \$195 return, accommodation travelling by plane, bus and some meals.

Development and Peace slides will be shown at the

Recreation Centre on Feb. 17 at 8 p.m. Marie Amstrongton will show the slides she has taken in East Africa. Discussion will follow.

If you have any news item don't hesitate to call me at 961-3880.

VIMY NEWS

By Darlene Provencal
Miss Clemence Provencal, secretary of the CNA Chapter of the Westlock Immaculata Hospital, accompanied the President, Mrs. Barbara Zelinsky for two days at the Chateau Lacombe in Edmonton. This is where the Alberta Certified Nursing Aide Association held their January Chapter Institute.

The annual hall board meeting will be held at 8 p.m., on Friday, Feb. 21 at the community hall. It is hoped that many of you will come and show some interest in your community's activities.

The Vimy Mites were very pleased this week when they received their new uniforms donated to them by the Vimy Hotel and Poloway Fertilizers.

Mrs. Rita Cannard, the Women of Uniform director for Region 3, attended a two day board meeting in Edmonton. She reports that it was a very sad meeting as they were told of the death of the newly elected President of Women of Uniform, Mrs. Inga Marr. The new president is now Mrs. Leda Jensen; 1st vice-president, Mrs. Barbara Tiegs and Mrs. Dorothy Hagstrom is the executive member.

Leo and I were really surprised and also very

pleased last Saturday night when friends and relatives gathered together at our home to give us a housewarming party. A special thanks to Leo and Sylvia Fortier for organizing such a wonderful party.

Guests at the Gordon Cannards over the weekend were Dale and Loretta Cannard and Loretta's mother, Mrs. Kujala of Edmonton.

Get well wishes are being sent to Mr. Paul Sabourin who underwent surgery this week in Westlock.

Mrs. Sandra Despins attended Camp Ho-Ho-Ha over the weekend to take a course in children's arts and crafts. This was only her first session so she'll have to go back again before the course can be offered in our area.

The Alberta Wheat Pool, under the direction of Rick Landry, held their annual meeting at the community hall with a fair attendance. Even though the weather conditions weren't too good.

Jeanne and Dave Kallal, who have spent over a year travelling, (mainly in Australia) are back home and visiting with their families, Mr. and Mrs. Paul St. Arnaud and Mr. and Mrs. Joe Kallal. Welcome back.

M.D. OF STURGEON NO. 90

Closure of Road Allowance

This is a notification that it is the Council's intention to pass the necessary bylaw for the closure of the following road allowance for the proposed satellite airport; namely from the N.E. corner of the S.E. 23-54-27-4 going south 1 1/2 miles.

A person who claims that he will be affected prejudicially by the closure of the said road shall be given an opportunity to submit his objections to council prior to passing the bylaw, either by letter to this office or by attending the meeting at 2:00 p.m., March 13th, 1975, at the Municipal Office at Morinville, Alberta.

Gilbert Boddez, Ass't. Secretary-Treasurer.

Falls rink wins Legal spiel

The Legal Open Bonspiel was held during the third week of January with 29 rinks participating. The bonspiel turned out to be a success and the Board of Directors would like to thank all the rinks that participated.

The grand challenge winner was the Leo Falls rink from Alcomdale with lead J. N. Kluthe, second W. Kluthe, third D. Derby and Skip Leo Falls. Second prize was taken by the Tom Logan rink, third by George Kluthe rink and fourth went to J. Kaup rink.

Second event winners were the Norm Meunier rink, Andy Gervais rink, Allan Shaw rink and Maurice Schayes.

Third event winners were Dan Shank rink, Pat Keane rink, Bob Singleton rink and Ray Rivard rink.

Namao Carnival big success despite cold

By Norma Crozier

The 1975 Namao carnival once again was tremendous success even though the cold weather forced the Friday night skating party to be cancelled and the Saturday attendance meager. But fun was had by those who braved the sharp air. A big thanks goes to the coach of the Sturgeon Valley Mites and to the local Namao Mites co-

ached by Norman Carruthers for their part in the afternoon hockey game won by the visiting team.

Despite the cold weather and freezing temperatures the snowmobile gymkhana had a good response and the standings are: John Gibson - first - 30 points; Roy Melnyk - second - 27 points; Vance Johner - third - 15 points.

The next snowmobile

gymkhana will be held on February 23 with registration at 1 p.m. Everybody welcome. Thanks to Gene Johner and the St. Bernard Club for their part in organizing the dog sleigh rides. The dance on Saturday evening found everyone with a warmer enthusiasm. A near capacity crowd gathered in the Hub to dance to the music of the "Playmates", highlighted with the crown-

ing of our new carnival queen, Barbara Ward, daughter of Jim and Shirley Ward. The honours were performed by Kelly Stanton, Janice Wilson and Cindy Hegberg in attendance.

Winner of the lucky draw of a home stereo set was Mrs. B. Wale of St. Albert. Other prize winners and donors were: Mrs. J. Fay, Johnny's Store; Bob Zabelski 1974 queen with runners-up

- Crozier Transport; Bob Stanton - Waterhouse Transport; H. L. Boyles - Continental Upholstering and Carpet; Mrs. Monica Thompson - Carruthers Implements; Joan Werns - Mullens Pump Service; Bob Edgar - Hockey Sticks (anonymous donor); Mrs. Frances Schuard - Jeppens Electric; Kathy Chiles - Namao Garage; Winner unknown - Alderson Equipment.

A hearty thanks to the managers of the queen candidates and to all who worked hard to make this event a big success.

Barbara Ward was crowned Queen of Namao Winter Carnival, taking over from this year's nuen, Kelly Stanton.

PRE-SCHOOL AND KINDERGARTEN

A kindergarten meeting

will be held on Tuesday, Feb. 18 at 7:30 p.m. in the kindergarten classroom. Parents with children presently

in attendance or with preschoolers that will be attending the 1975 fall class are required to attend. Pre-registration for the fall class will also take place on this night.

The number of registration forms are required to determine whether or not a fall kindergarten program will be planned. Please attend.

Mrs. Pat Shanahan, Early Childhood Services Consultant will be guest speaker. Plans will be shown to explain the program.

If you know of other parents who might be interested, please urge them to attend.

Snowball '75 is planned for Feb. 28, March 1 and 2. Jan Grant and Jack Archer of the Recreation Board are in charge of the annual event this year.

LIONS SIGN CONTEST

Again a reminder that the Gibbons Lions Club, in co-operation with village council are constructing a sign to welcome visitors to Gibbons. A contest is planned to select a heading for the sign, open to students grades one to nine of the Gibbons School. Application forms are available at the school, and the contest closes on February 28th.

Gibbons 1st annual Shavers Tournament

By Shirley Steinwand

GIBBONS ARENA

SATURDAY* FEB. 15

Series A will feature 1. Gibbons A; 2. Riviere Qui Barre; 3. Morinville B; 4. Bon Accord and Series B has 1. Morinville A; 2. Gibbons B; 3. Beverly Hts.; 4. Redwater. WINNER OF SERIES A SHALL PLAY WINNER OF SERIES B.

In case of tie within the series, the team scoring the most goals will determine the winner.

If still tied, the team with the fewest goals against shall be the winner.

If still tied, there will be sudden death overtime with no goal keeper. Teams will

play five a side. Players must cross Opposition's blue line before shooting the puck into the empty net.

SCHEDULE

Gibbons A vs Morinville B - 10 a.m., Morinville A vs Beverly Hts. - 10:25 a.m., Riviere Qui Barre vs Bon Accord - 10:50 a.m., Gibbons B vs Redwater - 11:15 a.m.

Morinville B vs Riviere Qui Barre - 11:50 a.m., Beverly Hts. vs Gibbons B - 12:15 noon; Bon Accord vs Gibbons A - 12:40 p.m., Redwater vs Morinville A - 1:05 p.m.

Gibbons A vs Riviere Qui Barre - 1:40 p.m., Morinville A vs Gibbons B - 2:05 p.m., Bon Accord vs Morinville B - 2:30 p.m., Redwater vs Beverly Hts. - 2:55 p.m.

FINAL GAME - WINNER OF SERIES A vs WINNER OF SERIES B - 3:30-4 p.m.

For further information contact - Don Rurak, Box 31, Gibbons, Alberta. Phone: 799-9533.

Former Riviere Qui Barre old timer passes away

A former St. Albert and Riviere Qui Barre resident, John Henry Holiday passed away at the Misericordia Hospital, Edmonton, Feb. 10th age 86 years.

Born in 1889 in Harrington, Cumberland, England, Mr. Holiday came to the Riviere Qui Barre area in 1905 straight from England where he farmed for 20 years. While at Riviere Qui Barre he married Margaret Misner. He then moved to St. Albert in 1925 and farmed the J. J. Dugan property four miles west of the elevators till 1937.

Mr. Holiday then moved to Leduc where he farmed for

three more years and in 1940 rented a farm in Onoway where he farmed till 1945.

He then moved to Edmonton where he found work in a city lumber yard.

Mr. and Mrs. Holiday had two children, Art and Evelyn (now Kelly).

Mr. Holiday is survived by seven grandchildren, Scott and Danny Holiday of St. Albert and Gail, Ken, Brian, Donna, and Barny Kelly of Edmonton.

During the 70 years Mr. Holiday spent in Canada he never went back to England. Funeral services for Mr. Holiday were held Feb. 12 at the Park Memorial Chapel in Edmonton.

Donations can be made to the Heart Fund and the Canadian Cancer Society.

Namao 4H News

By Theresa Engley

The February meeting was held at Teresa Engley's house on Tuesday, the 4th, and members decided on a date for tour day. It will be March 16.

Our public speaking will be held at Vaculchucks along with our regular monthly meeting, on March 4, at 7 p.m.

We are going to go curling and bowling. The curling is on March 9 at 9 a.m., at St. Albert and the bowling is on March 2, at 1 p.m.

The Futurity show was brought up and we might go on March 22. Plans were also made to attend the Rodeo at the end of March.

The meeting ended with a delicious lunch served by Mrs. Engley.

Provincial seed supplies short an exaggeration

Re-issued from District Agricultural office

Suggestions that provincial seed supplies are short are an exaggeration, according to Alberta's Minister of Agriculture, the Honourable Hugh Hornor; but he warns that present supplies will be diverted to alternative markets, such as feed and processing, if farmers do not buy and take delivery of their requirements as soon as possible.

Wheat, barley, rapeseed, rye and flax supplies are expected to be adequate, but oat supplies will be tight. Alberta's seed trade has indicated that regional shortages will be taken care of as has been the case in past years.

"My department has met with numerous producer groups, the seed trade, the Canadian Seed Growers' Association, and co-op seed cleaning plants to ensure that demand will be met," the minister said. "At the present time, the problem is primarily distribution; however, the seed trade and producers have been faced with that problem before, and have demonstrated their ability to cope with it adequately, providing requirements are known early."

The Alberta Grain Commission's feed and forage exchange is operating a listing service for farmers who have seed for sale. Those who need seed can also contact the co-op seed cleaning plants, their eleva-

tor agent, seed companies, and seed producer groups.

Because 1974 weather conditions have caused major seed quality problems, it is very important that farmers ensure that their seed is cleaned and that a close check is carried out on weed seed content and germination. Weed seed content and germination tests are carried out by the Plant Products Division, Agriculture Canada. Elevator companies will also do germination tests upon request. These facilities are now operating at full capacity.

Farmers should also plan

to treat their seed this year if the quality is down.

Dr. Hornor stressed that seed quality is critical to good production. "I understand," he said, "that farmers have heeded our warnings, and that many have already arranged for their seed supplies. A good indication of this response is the early 'start up' of Alberta's seed cleaning plants, most of which are operating on a double shift basis."

Dr. Hornor emphasized that farmers can ensure good seed for their 1975 crop by ordering their requirements as soon as possible.

FOR FARMERS BY FARMERS

Progressive Real Estate Firm specializing in farms and acreages with new head office situated at Gibbons, Alberta, requires the services of energetic sales persons or couples actively engaged in farming or the cattle industry. Applications will be received from a radius of 25 to 100 miles of the City of Edmonton.

Must have good community acceptance and be highly regarded by their neighbours. Excellent earnings and assistance is provided. For further information or an appointment, please call the manager at 799-9111, or write ..

PUBLIC NOTICE

THE COUNCIL OF THE TOWN OF MORINVILLE, TOGETHER WITH THE EDMONTON REGIONAL PLANNING COMMITTEE INVITES YOU TO ATTEND A PUBLIC MEETING ON FEBRUARY 26, 1975 AT 8 P.M. IN THE RECREATION CENTRE (PARISH HALL).

THE SUBJECT OF THE MEETING IS THE FOREST GLENN (DIXIE) LTD. OUTLINE PLAN.

THIS OUTLINE PLAN PROPOSES TO DEVELOP 429 ACRES OF LAND ON THE EASTERN SIDE OF THE MUNICIPALITY.

THE PLAN, IF APPROVED, WILL PROVIDE RESIDENTIAL HOUSING FOR 7,500 PLUS PEOPLE AND WILL HAVE A SUBSTANTIAL EFFECT ON THE EXISTING TOWN BOTH IN A PHYSICAL AND SOCIAL SENSE.

THE COUNCIL AND COMMISSION WISH TO HEAR THE OPINIONS OF THE CITIZENS AND ANY INTERESTED GROUPS.

INFORMATION ON THE PROPOSAL WILL BE AVAILABLE TO THE PUBLIC AT THE TOWN OFFICE FROM FEB. 17th.

PAULE BROCHU,
MUNICIPAL ADMINISTRATOR.

Stabilization program - cows for slaughter

[Applies to Cows in the Canada D1, D2, D3 and D4 grades]

Re-issued from District Agriculturist.

1. A deficiency payment will be made on cows of the Canada D1, D2, D3 and D4 grades, sold through community auctions, public stockyards or direct to packing plants, provided satisfactory proof of slaughter is established. Payment will be on a liveweight per hundred basis.

2. The support price level will be \$23.21 per cwt. -- 100% of the 5-year weighted average price for D1, D2, D3 and D4 cows marketed through public stockyards at Toronto, Winnipeg and Calgary.

The producer's deficiency payment will be based on the difference between the weighted average price at Toronto, Winnipeg and Calgary, for the period of the program, and the support price of \$23.21.

Producers should not interpret the \$23.21 support price as a guaranteed minimum price per animal. Since the rate of payment will be the same on all eligible cows, i.e. the difference between the weighted average price for the period and the support level, farmers are advised to obtain the best possible price for their cows.

3. The Stabilization Program will be administered by making payments direct to producers.

4. The claimant must provide a statement certifying the size of his cow herd as of Dec. 13, 1974. This statement must be signed by the owner and certified by either a Provincial or Federal government agricultural officer.

5. Claims must be supported by a sales invoice from a buyer giving the type of animal, i.e. cow (normally considered to fall within the D1 to D4 grades), number of animals, live weight, and

price per pound. Supporting documents accompanying the claim for payment must show that animals were sold for slaughter.

6. The Agricultural Stabilization Board will make payment on cows marketed between Nov. 16, 1974 and April 30, 1975 on the following basis:

(a) For the period Nov. 16, 1974 to Dec. 13, 1974, herd owners can claim on all cows marketed.

(b) For the period Dec. 14, 1974 to April 30, 1975, a producer may claim on 2% of his certified cow herd per month, to a maximum of 5% of his herd in the period Dec. 14, 1974 to April 30, 1975.

(c) Irrespective of herd size a producer is eligible to claim on 2 (two) cows during the period Dec. 14, 1974 to April 30, 1975.

7. Claims for cows marketed in the periods -- Nov. 16, 1974 to Dec. 13, 1974 and Dec. 14, 1974 to April 30, 1975, will be submitted after April 30, 1975 when the weighted average cow price on all cows marketed at Toronto, Winnipeg, and Calgary Public Stockyard has been determined.

Claim forms will be provided through packing plants, public stockyards, sales barns, agricultural representative offices, and officers of the Livestock Division.

Changes in all-risk crop insurance

Re-issued from District Agriculturist office.

Alberta's Minister of Agriculture, the Honourable Hugh Horner, has announced major changes in the "All-Risk" Crop Insurance program for 1975, which he expects will result in wider acceptance of crop insurance, and in a participation level well beyond the 13,858 who were insured last year.

Service offices are being established at 52 centres in the province, and staffed on a full time basis. They will offer farmers a uniform, high standard of service from the point of view of information, sales and adjusting. Most offices will be located in

municipal or county seat.

Included in the crop insurance program this year is a special "built-in" coverage for farmers who, because of unfavorable weather, are unable to complete either seeding or harvesting their crops.

Compensation of \$20 per acre will be paid for each acre of summerfallow, in excess of 20 per cent of the total, that could not be seeded because of excessive spring moisture. Snowed-under crops in the fall will be eligible for compensation at the rate of 25 per cent of the coverage provided under the policy. Again, payments will be restricted to the number of unharvested acres of a crop exceeding 20 per cent of the total acreage of that crop.

Dr. Horner believes that this special coverage against spring and fall crop disasters should alleviate the need for special assistance programs such as were implemented for snowed-under crops in the fall of 1973 and for unseeded crops in the spring of 1974.

Policyholders who have built up a favorable loss experience under the program will now be eligible for increased protection. Commencing after only one claim-free year, coverage will be moved upward from the basic level at the rate of five per cent each year to a

maximum bonus of 30 per cent. This is a major step towards coverage based on the individual's own production experience.

Of special significance, according to Dr. Horner, is the fact that premiums are being reduced in high risk areas where, because of unfavorable loss experience, premiums in some cases have moved up beyond the reach of many farmers. This reduction will help those farmers whose need for protection is the greatest. Dr. Horner hopes that with this extra support from the province, the majority of farmers in these areas will come into the program.

Additional crops now eligible for insurance are winter wheat, mixed grains, spring rye, mustard and commercially grown potatoes. Higher price options are also available this year to enable farmers to increase their level of protection to meet rising costs of operation.

Dr. Horner states that a special effort has been put into the crop insurance program for 1975. In view of the many changes that have been made, he foresees a substantial increase in farmer participation in the year ahead.

PLEASE NOTE

A crop insurance office will be located in Morinville.

Dairy development and native range improvement programs extended

Re-issued from District Agriculturist office

The Honourable Hugh Horner, Alberta's Minister of Agriculture, has extended the Dairy Development Program and the Native Range Improvement Program until December 31, 1975, at which time both programs will be reviewed.

Dr. Horner announced the extension of these two programs upon the recommendation of the board of directors of the Alberta Agri-

cultural Development Corporation.

The Dairy Development Program was established to aid in the development of viable dairy operations. Its objective is being attained by offering the following incentives to all farmers who operate, or intend to operate, a dairy enterprise.

(1) Seventy dollars per thousand per year (\$70-\$1000/year) of loans interest payable on loans that were used to develop the dairy enterprise.

(2) Maximum amount of loans eligible:

(i) For individual farm operators - \$12,000.

(ii) For partnerships and corporations - \$12,000 for the first family plus \$6,000 for each additional family to a total of \$24,000.

The Native Range Improvement Program was established to increase farm and ranch income by assisting and promoting range improvement practices. To accomplish this objective, the program is oriented towards increasing the quality and quantity of forage; encouraging sound conservation practices on range land and improving management practices. The incentive is in the form of a payment of interest on a guaranteed loan, and the amounts are as follows:

(1) Seventy dollars per thousand dollars of loan per year.

(2) The maximum amount of loan eligible is \$4,000 for each individual farm or ranch.

(3) The payments will be made in equal annual instalments for five years.

(4) The incentive payment may be claimed after a complete annual instalment of principal and interest has been paid by the borrower.

Contact your local district agriculturist for further information on these programs.

Best grain varieties for Sturgeon district

By Wally Klatt District Agriculturist

We receive inquiries as to what are the best grain varieties to grow in the Sturgeon District. We also found out that a great many varieties are being grown.

There is no single variety that is the best for a large area as many factors influence a decision as to what variety to grow. The most important of these factors are:

(a) Is the producer desiring seedling because of weed control or will he be using more herbicide?

(b) Date of seeding in the spring, is it an early or late spring?

(c) Soil type.

(d) Disease factor.

(e) Summerfallow or stubble.

(f) Feed or direct sales.

(g) Relative date of maturity of the variety.

(h) Relative yield and qu-

ality.

As can be seen there are a lot of reasons why one variety cannot satisfy all conditions.

Our recommendations are as follows and you as producers will have to determine as to what grows best on your soil type.

BARLEY

(a) Medium maturity - Galt, Bonanza and Conquest.

(b) Early maturing - Gateway 63 and Olli.

(c) Late maturing - Jubilee

WHEAT

(a) Early maturing - Park

(b) Medium maturing - Neepawa

Neepawa out yields Park but is harder to thresh. Neepawa is more resistant to black chaff and root rot.

OATS

(a) Early maturing - Han-

dom - Glen - Garry

(b) Medium maturing - Harmon

(c) Late maturing - Grizzly and Victory (silage and greenfeed).

UTILITY WHEAT

Late - Glenlea

Late - Norquay

Norquay is now variety that is earlier than Glenlea - but yields about the same. Both of these varieties are earlier than Pectic 62.

Note: Garnet is sometimes seeded for Utility due to good yield, early maturing and easy threshing. However it is very susceptible to rusts.

There are many other factors that I have not included such as disease resistance, lodging and sheltering.

Kindly contact us if you require more information. We have a good publication that is available to you.

Dairymen warned about disease hazard

By Robert H. Berry District Agriculturist

The Director of the Alberta Veterinary Services Division, Dr. H. N. Vance, warns Dairymen who are buying dairy heifers, especially those that come from outside the province, to be sure that they have had a negative blood test for Brucella within the last 30 days, or that they have been vaccinated against this disease.

He says, "One of the big concerns about bringing dairy heifers into Alberta

from other parts of Canada and the United States is that Brucellosis has increased throughout most of North America during the past year." If the situation worsens, Alberta Agriculture may have to require tests on all imported cattle.

The high market price that dairy heifers have been receiving in Alberta has resulted in a considerable increase in the number of animals being brought into the province during the last few months.

CALCULATORS AND ELECTRONIC PARTS

Report from Parliament Hill

By Stan Schellenberger MP
Canada's cattle and beef
global quotas have now been
official since August 12, 1974

and the U.S. retaliatory
quotas started on Nov. 10 of
last year. The following are
some comments on the cattle

situation, particularly with
regard to imports.

*Lightweight fat cattle
(mostly heifers) under 700

lbs. can enter Canada legally
and are not subject to our
quota. Our cattle feeders are
very critical of this item as it

has been a depressing factor
on our fat cattle market.
*A five per cent tolerance
in this 700 lb. weight range
had been permitted but this
has now been eliminated
after protests made by the
Canadian Cattlemen's Associa-
tion.

*All imported slaughter
cattle, regardless of weight
range must be designated as
"for immediate slaughter,"
and of course, are subject to
Canada's DES certification
policy.

*All feeder cattle, includ-
ing those over 700 lbs. can
enter Canada outside our
quota provisions provided
they are designated as
feeders and held for at least
90 days before slaughter.
Feeder cattle imports must
show the necessary negative
tests to five health items:
T.B., Brucellosis, Anaplas-
mosis, Blue Tongue and our
DES certification policy.

*Some mixed loads of
cattle including heavy slaugh-
ter cattle and cattle under
700 lbs. have been imported
and were not subject to quota
because their load average
was under 700.

*All of these loopholes in
our quota provisions - legal
or otherwise, have been vig-
orously pointed out on
several occasions, by the
C.C.A. to our federal Agri-
cultural people including
Health of Animals who are
responsible for the admini-
stration and follow-up proce-
dures involving our quotas.

*For the last quarter of
1974 there were 7193 slaugh-
ter cattle under 700 lbs.
imported from the U.S. - not
subject to quota.

*In the same period (three
months) 9071 feeder cattle
were imported - mostly from
Alberta with a smaller
number to Saskatchewan.

*To January 28 of this
year, 13,576 U.S. cattle have
been imported, but this
figure includes some out of
quota cattle. This is an
average of about 714 head
per day. At this rate of
importation our first quarter
quota should be filled by

about mid-February.

*During the first two
weeks of 1975, 2010 light-
weight feeders, mostly cal-
ves, were imported into
Alberta. This of course,
again has a depressing in-
fluence on Western calf
prices and is strongly resen-
ted by Western cow-calf pro-
ducers.

I wonder if Mr. Whelan's
cow subsidy policy of last
December 13 will substan-
tially reduce our total Cana-
dian cow and bred heifer
numbers.

Our Canadian beef cattle
industry is faced with two
fundamental market depress-
ing factors:

1. A short term over-
supply of breeding cows (and
calves) - a situation which
has apparently put Canada
into a net export position, for
the first time in four or five
years.

2. A shortfall of domestic
feed grains with resulting
sustained very strong prices
for these domestic feed
grains.

This same broad situation
applies to the American
cattle situation as well, and
their current market levels
are well below ours. Hope-
fully, the negotiation meet-
ing of the C.C.A. and the
Trade Committee of the
American National Cattle-
men's Association may re-
store some common sense to
the current very unsettled
trade relations between the
two countries. Hopefully,
mutual understanding of how
the 10:1 ratio of our respec-
tive cattle populations in-
fluence both markets, will
move our governments to
more statesmanlike negotia-
tions and less short term
retaliatory actions.

introduces Memory Phone

Says a lot for you. (It's a good listener, too!)

Leave your house or office anytime you like and never miss a phone call. You can leave Memory Phone alone, when you're not home. Memory Phone works just like any telephone, until you switch on the "memory". Then it answers every call for you - in your own voice, your own unique way. And remembers every word your callers say.

Memory Phone takes up to fifteen 30-second incoming messages. Listen to them at your leisure as often as you like. Memory Phone is personal. All calls are private because there's no third party involved.

When you're out or just unable to get to the phone, Memory Phone is the perfect answer. And the convenience speaks for itself.

Call your AGT Business Office
for complete information.

Now you can be in, when you're out.

Not available for party line customers.
